GILLIAM COUNTY'S LEADING HOME PAPER

VOL. 29

CONDON, OREGON, FRIDAY, OCT. 25, 1918

NO. 32

## Do You Want Your Dollars to Help the Boys?

Have Them Ready for the Next Drive and You'll Bring Comfort to the Soldiers

Gilliam county's share in the next drive will be \$5,600 and this will be the United War Work Campaign which includes the Y. M. C. A., Knights of Columbus, Y. W. C. A., Jewish Welfare Board, Salvation Army, War Community Service, and American Library Association. The drives for funds for these organizations and societies were united at the request of the President of the United States to

avoid the expense and inconvenience of making a drive for each organization. By this arrangement there will be but two organizations or societies in the future for which campaign funds will be requested, the Red Cross and the organizations above mentioned. The national quota for this amalgamated drive is \$170,500,000; the state quota is \$770,000. The County Executive Committee is busy rating everyone in

the county and notices will be mailed them immediately of the amount of their assessment. This money is needed and must be raised, and everyone should respond promptly with the amount of their assessment and again put Gilliam county on the Honor Roll. Remit the amount of your assessment to your bank, or to the United War Work Committee, Condon, Oregon.

## SOMEBODY'S DOLLARS WILL DO IT — I WONDER IF THEY'LL BE YOURS

By Bruce Barton

I will tell you what will happen some night this winter in France. Some night when it's cold and dark.

There will be rustling through the front line trench, where our boys stand guard. And a heavily-laden Secretary will make his way along. In his hands will be great steaming pots, in his pockets chocolate, and cigarettes.

From one man to another he will go, passing a cup full of hot coffee to hands that tremble with the cold; bringing the comfort of

a bit of sweet and a smoke.

Men will hail him cheerily, slapping him on the back; and when he has gone things will be a little easier in that trench because he has passed that way.

How much will it cost to make that trip, do you suppose? Counting the pittance that the Secretary is paid, and the cost of the chocolate and the cigarettes and all?

Five dollars? Twenty-five dollars? I do not know.

But whether it is five dollars or twenty-five, I'd like to think

that it's my five or twenty-five would'nt you? That some night when it's cold and lonesome, my money and yours might send a Secretary out along that front line trench. Let's make up our minds that we are going to pay for a score of those trips. A score of the nights this winter shall be our nights.

—Nights when the boys greet joyously the chocolate and cigarettes that our money provided; and are happier because our representative has passed.

## Soldier Tells of Wonderful Work Being Done in France by the Y. M. C. A.

A letter from Floyd Maxwell who is known to many people in this county, contains much of interest. He says:

"I am at last in France and can say that I am enjoying the best of health, plenty of good eats and a good place to sleep so who could want a better job for a while anyway. I suppose the people at home are worrying about the living conditions here being bad and all that dope but let me tell you that it is all bunk because Uncle Sam looks after his men over here a whole lot

better than he did at home. At present we are living in a country where it is wet and rainy and he has issued fine rubber boots to all the men here and these with good raincoats keep us dry. And the eats are great for we have an abundance of white bread and fresh meat and potatoes with a few delicacies every once in a while. The redeeming feature about the whole business is the Y. M. C. A. They have a fine big building here and have entertainment as well as furnish American tobacco and

sweets to the boys. In the Y we have all kinds of athletic material and two pianos and a tea room where we can get all kinds of cake and cookies and fine tea and cocoa. I tell you that for real home comfort the Y has anything beat that I have ever seen—it can't be beat. The folks at home should never fail to give it their moral and financial support. The war is not going to last much longer and I don't think it will be long before we will be on our way home."

## MANY GILLIAM FOLKS BUY LIBERTY BONDS

Ten hundred and twenty people in Gilliam County subscribed to the Fourth Liberty Loan. This means that practically every family in the county has a bond. It is a record to be proud of. Also Gilliam was one of the first counties in the state to subscribe its full quota. Nearly everyone who was rated and notified of their assessment responded by purchasing a bond or by appearing before the committee and giving a reason for not making the investment. A few failed to do either and the names of these will be published and they will be reported to the state executive committee for further action.

## WHICH LAW WILL SERVE PEOPLE BEST?

Let the present delinquent tax publication law of Oregon alone. Whenever the voters of the state tamper with an existing statute of merit, the inevitable result is a boomerang. Whenever, likewise, the freak legislation fiends succeed in placing some wild etherial plan on the statute books, the voters of Oregon bear the burden until such time as the law can be cut off the books. Such is the history of freak legislation.

Get this point clear. The present delinquent tax publication law was devised for one purpose only—to protect the unfortunate delinquent taxpayer from that peculiar brand of social parasite known as the title grabber. It is considered a model law by adjoining states and its practical application has convinced all that it is a statute of merit. When speaking of statutes, merit can only be measured by services rendered to the citizens of the state.

C. S. Jackson, editor of the Portland Journal, is attempting to substitute a pet scheme of his own to replace the present law.

Glance at the differences between the present law and the Jackson camouflage measure:

The present law provides that a mail notice be sent to all delinquents within a certain time following the delinquency date.

The Jackson law does likewise. The present law, to save the delinquent property from the title grabbers and scheming land attorneys, who are always "taking a chance" on delinquent titles, further provides that when the mail notices fail to perform their function, then and only then, may the notice be given by publication.

The Jackson law amendment leaves out the publication entirely and thus the delinquent who fails to get his notice is entirely at the mercy of the title grabber.

Which is the better law? Which serves the interest of the taxpayer best? Which is the more equitable statute from the taxpayers' viewpoint?

The answer is apparent to every thinking voter. Vote "No" on Jackson's delinquent tax bill.

Billie Blakely, who is attending Mt. Angel College, is recovering from an attack of influenza.

Mrs. H. A. Hartshorn arrived in Condon Sunday from the east.

Mrs. W. A. Darling and little granddaughter arrived in Condon Sunday evening.

Chas. Williams went to Pendleton yesterday.

## BEST INSTITUTE EVER HELD IN THIS COUNTY

All the teachers of Gilliam county, except three, were present at the institute held in Condon last week, and these three attended elsewhere during the year. All present showed the right spirit by enrolling as members of the State Teachers' Association, thus making this institute 100 per cent loyal. A joint assembly endorsed the movement for additional normal schools for Oregon. They also recommended joint institutes where possible. On Saturday morning all departed for their several schools, feeling and expressing their appreciation for the manner in which they had been treated and cared for by the good people of Condon. All expressed a desire to return to Condon and voted the institute, the people and the town the "best ever."

R. R. Dawson of Lone Rock was in Condon Saturday. He ordered the Globe for his son who is in France.

## CLEAN UP PREMISES TO PREVENT FIRES

Fire prevention day was set for November 2 in a proclamation issued by Governor Withycombe last week and a general cleaning up is urged as a patriotic duty on that day.

State Fire Marshal Wells lays great stress on the observance of that day. He says in part: "The cleaning up of the premises by the obliteration of rubbish, debris, waste materials etc., not only affords better safeguards against fire, but constitutes improvement from a sanitary standpoint which is of vital importance at all times and especially during periods of epidemics."

## FIVE GILLIAM BOYS LEAVE FOR SERVICE

Five Gilliam county boys left yesterday morning to enter the service of their country. James O'Rourke and George W. Shane entrained for Fort McArthur, California, and Emmet Fink and Richard W. Moore went to Fort Stevens, Oregon. Carl Ratzat joined the latter party at Portland. Tomorrow A. B. Theobald will leave for Portland to take special training at the Benson Polytechnic Institute.

Prof. P. J. Mulkey went to Arlington Saturday.

Wm. Norcross went to Seattle Saturday. He expects to remain there.

## VOTERS OF OREGON

Justice F. A. Moore of the Supreme Court died last month, too late for the name of any candidate to succeed him to be placed on the ballot. This condition makes it necessary to write in the name of your candidate. This is the most important position in the Judiciary system of the State. It is essential to choose a man of extensive legal training, of high character and of broad vision. We commend for your consideration and vote

## J. U. CAMPBELL

OF OREGON CITY

Resident of the State 30 years; lawyer for 25 years; veteran of Spanish-American War and Philippine Insurrection, having served with 2nd Oregon Regiment; member of Oregon Legislature in 1907 and 1909 sessions; Judge of the 5th Judicial District 9 1-2 years.

In all these positions he has made good. His record as a private citizen and a public official has been above criticism.

Write in his name at the General Election November 5

## LALLEY-LIGHT

ELECTRIC LIGHT AND POWER FOR EVERY FARM

Running Water Is Another Lalley-Light Convenience

## Better Light at Lower Cost

Lalley-Light actually costs less than poorer light.

It costs less because of the time it saves and the labor it saves.

It costs less because it gives better light for after-night work.

Because it makes the home more cheerful.

Because its electric power runs the churn, and the separator, and the women can do other needful tasks.

Because it enables you to have running water in house and barn.

Consider Lalley-Light as an economy, and you will not be wrong—as owners' testimonials show.
