COUNTY COURT TALKS HIGHWAY

At a special meeting of the County Court held at Condon, Oregon, on November 25, 1918, when were present G. W. Parman, County Judge J. W. Maidment, Commissioner Sherman Wade, Commissioner the following proceedings were had to-wit:

In the matter of opening bids for road work, grading, etc., Columbia Highway, Blalock-Arlington section as per notice:

Bids opened and the matter of awarding the contract taken under consideration until the next regular meeting of the county court which will be December 4, 1918.

In the matter of viewing and assessing damages to property owners on Columbia Highway, Blalock-Arlington section:

Regular board of Road Viewers ordered to meet and assess damages on December 2, 1918.

C. N. LAUGHRON
County Clerk

A committee from Arlington met with the court in regard to the Columbia Highway work but the right of way has not been secured yet and inasmuch as no bidder will undertake the contract until this is done there is no prospect of work being commenced immediately. It is not known yet who will have charge of construction.

Let's give a little more and help to make Christmas a little more merry for the poor Belgian children.

BARKER STORE TO BE REMODELED

The S. R. Barker Company's store is soon to be entirely remodeled. A new front will be put in, all new fixtures, glass showcases, etc., and the second floor will be made into one large room for displaying goods. A heating plant will be installed and in every way the store is to be made as up-to-date and convenient as possible. Before this is done, however, a big sale will be held and every piece of merchandise in the store will be sold at greatly reduced prices. This sale will start tomorrow morning. See the big ad on page 3 of this issue.

Big Dinner Enjoyed

Mr. and Mrs. Lewis Couture served a dinner Sunday to a number of friends which is reported to be one of the biggest feasts ever prepared in Gilliam county. Forty people partook of the bounteous feast and enjoyed the true hospitality of the Couture home.

Will Build New Bridge

County Roadmaster Smyth reports that the county will put in a bridge across Trail Fork where the road crosses just above the Maddock ranch. This will be a welcome improvement.

WILL SELL CARDS FOR BELGIANS

To raise a more substantial sum for the Belgian children, who are now and will be for some time to come greatly in need of continued assistance, the committee which has in charge the raising of these funds will offer for sale small Christmas greeting cards at the small sum of 15 cents each. These cards are simple but exquisite with the words "peace on earth, good will towards men" printed beneath the Christmas decoration. There will be only 50 sold in this community and these should easily be disposed of in less than an hour. Condon has so far raised by the milk bottles \$206.18. While this is appreciated and will go far toward relieving much suffering among the Belgian children, it is not up to the amount Condon should have raised for this great work.

Change in Garage

W. V. Pryor has secured the half interest in the Condon Garage formerly held by N. P. Palmer and the firm name is now Naylor & Pryor. They are advertising to do high class repair work and to guarantee all their work to be satisfactory. They have a Hudson car for hire.

Old Timer Never Forgets the Game

Fred Anderson, cashier of the Mitchell bank, was in Condon Saturday and called at the Globe office to see that everything was all right in the mechanical department. Several years ago "Fritz" was a printer and a good one, a Globe veteran, and he has never been able to get the germ out of his system which after all is nothing strange. So every time he comes to Condon he calls in to get his hands smeared with ink and grease and the old never to be forgotten smell in his nostrils. He came at an opportune moment too for one of the presses had developed a streak of mulishness which defied the present force and the best mechanics in town. In ten minutes "Fritz" located the trouble and fixed it. He had ink on his fingers and the fervid blessings of the Globe force and was happy again.

Dr. Reynolds has been sick with the "flu" at Monument and is recovering nicely.

GREAT PICTURE HERE TOMORROW

The great picture, "My Four Years in Germany," which is to be shown tomorrow, November 30, at the Liberty Theatre in a 2:30 matinee and in the evening at 7:30, gives the outstanding incidents of the story, visualizing scenes of the great struggle so graphically told by Ambassador Gerard. That the picture is a great success is evident by the enthusiastic reception it has received in all the big cities.

Practically the whole picture is concerned with the Ambassador's experiences in Germany from the time the war broke out until this nation joined with the Allies. Perhaps the incidents shown which will prove of the greatest interest to spectators are Mr. Gerard's audiences with the madman who ruled Germany. Their conversations are illustrated in the sub titles. The climax is reached when the kaiser slurs the United States and its fighting ability and the screen displays a multitude of our land and sea forces. What the Huns did to Belgium and to northern France is shown with marvelous and realistic fidelity to the facts. Gerard's visits to the Hun prison camps are pictured and also that scene where Gerard is handed his passports after having told a pompous German that he would "stay right in Germany till hell freezes" before he would sign an agreement to permit interned German ships to depart from our ports.

RESIDENT PASTOR WILL BE SECURED

Rev. A. J. Sullens preached two very good sermons at the Congregational church Sunday. At the close of the morning session a church meeting was held to determine whether the church wished to call a pastor and it was the sense of the meeting that one be secured soon although Rev. Sullens stated that no man would come for less than \$1200. Several present were asked to express their opinions and were unanimous in declaring in favor of a resident pastor and thinking the salary could be raised.
