

MORE GOOD ROADS FOR GILLIAM

Work Will Be Started January 1 on John Day Highway State Expected to See Columbia Highway Put Through

Portland, Oregon, Dec. 13.—(Special to The Globe.) The coming year promises to be of great import to Gilliam county in road matters. Judge Parman and Jas. S. Stewart appeared before the State Highway Commission in Portland Tuesday and Wednesday to urge that work be commenced as soon as possible on the uncompleted links of the John Day Highway between Condon and Fossil. The commission realizes the great importance of this highway

and ordered State Highway Engineer Nunn to have the survey of the route from Mayville to Thirtymile commenced at once. This survey will be under the supervision of First Assistant State Highway Engineer M. O. Bennett who said he would have a surveying crew on the ground to begin work the first of the year. Judge Parman and Dr. J. W. Donnelly of Arlington met with the Highway Commission Tuesday in behalf of the

Columbia Highway from Willows Junction to the John Day River. It is expected that the Commission will order work to begin in January between Arlington and Blalock and that the state will put up all the money to build the highway through Gilliam county except the \$60,000 voted by the road district that includes most of the north half of the county. It is estimated that it will take two years to build the highway through Gilliam county.

CHRISTMAS ROLL CALL TO START MONDAY

During the week beginning Monday, December 16, the Christmas Red Cross Roll Call will be held. Every adult person of the nation will be expected to respond to this call with at least one dollar. The plan is for you to sign the roll, pay one dollar and receive a 1919 membership pin. This entitles you to membership for one year. This roll is placed on file at Washington, D. C., and coming generations will be able to determine whether or not you contributed to the aid of the suffering and care of the people of the world. If your name does not appear on the roll, "Why not, will be the question. No notices will be sent out but you will be given the opportunity to sign. If by chance you should be missed you can send in your contribution to the banks or to the "Roll Call Committee," Condon, Oregon.

It is not necessary for us to go into detail about the work of the Red Cross. You all understand what it has, is and will do. Sufficient to say that they have plenty of work yet to do. The sick, wounded and hungry people of the world are to be cared for.

Have your dollars ready and when approached by the solicitor sign the roll and pay your dollar. We expect every adult person in Gilliam county to come through. By stating "adult" it does not eliminate younger persons. Their dollars will be accepted just the same and their names will be filed by the government. The people of Gilliam county have thus far nobly responded to all war work calls and we feel sure that every adult person within the boundaries of the county will have their names on the roll. Our faith in the people is well founded. Time alone will determine whether or not it has been misplaced. Everybody ready. Tell your neighbors. Insist that all sign.

Thirty thousand letters a week are written by the Red Cross to the families of soldiers, answering questions.

A number of Condon folks will attend the dance at Mikka to tonight.

Jas. S. Stewart was in Condon Monday morning on his way to Corvallis.

WEEK'S DOINGS AT THE HIGH SCHOOL

The tri-term examinations are on this week, so watch us study.

The ball girls had their first practice Tuesday evening. Miss Briggs, the science teacher, is coaching them.

Miss Opal Turney is back in school after recovering from the flu.

Mayor Fitzmaurice made a splendid, though short, speech at the presentation of the school service flag last Friday evening.

A severe attack of tonsillitis and pleurisy kept Merle West out of school last week.

Talk about veterans! But Elizabeth Stewart and J. B. Wheeler were as cool and collected as the best of them in their addresses at the service flag presentation.

Miss Margaret Hurlburt had to remain at home a few days on account of illness.

The Christmas pageant, that the pupils are preparing under the direction of Miss Ohling, will be given Friday, December 20, at 2:45 P. M. It will be held at the High School and no admission will be charged.

WILL OPEN NEW HOTEL

George Caven and Albert Davis have rented the building known as the White Corner on the corner of Main and Summit streets and are fixing it up for a hotel which is to be known as the Summit Street Hotel. The rooms on the second floor are all newly papered and painted and otherwise put in fine condition and the lower floor will be the lobby and restaurant. They expect to be ready for business tomorrow.

Ten thousand pounds of ether were shipped to France by the Red Cross, so our soldiers might have relief from pain.

ONE RESULT OF ADVERTISING

Speaking of advertising—Clud Clark had a saddle he wanted to sell and inserted a four line "For Sale" ad in the Globe two times. The ad cost him 40 cents. He had so many answers to the ad that they kept him busy telling them the saddle was sold. Globe ads bring home the bacon.

GILLIAM COUNTY VOTE IS HIGHEST

Although only half of the registered voters in the state went to the polls at the recent election, Gilliam county set a good example for the rest of the state by showing that nearly three-fourths of the registered voters in the county cast their ballots. In fact Gilliam stands at the head of the list in the proportion of registered voters who thought enough of their votes to go to the polling places, according to figures given in the Oregon Voter. Seventy-two per cent of Gilliam voters voted with Crook county next with a percentage of 71. There were 1310 voters registered in this county and 941 votes were cast in spite of the fact that there was no unusually close race to bring the voters out.

Every American prisoner in Germany received a big food parcel every week from the Red Cross. Return postals prove it.

LEAVE FOR VISIT IN TACOMA

Mr. and Mrs. J. C. Cooney and grandsons, George and Jack Eaton, left Tuesday for Tacoma to visit Mr. and Mrs. Jack Kennedy. They expect to stay there a month or two.

Mr. and Mrs. C. W. Harris went to Portland Sunday.

Mrs. Stevens and Miss Alice Dungan are up from Portland to spend the holidays at the Esser home.

Ben Esser is recovering from an attack of the "flu" and is back at work.

The three measures enacted by the people at the general election were passed by only one fifth of the registered voters of the state. Still they are now laws.

LONG SESSION OF CIRCUIT COURT

The term of circuit court which closed at midnight Monday was the longest held in this county for over ten years. Some of the cases were unusually interesting. The case from Wheeler county lasted three days. Alfred Anderson who was accused of contributing to the delinquency of a minor was acquitted. Jake Haney, the Indian who took a motor boat at Arlington, pleaded guilty to the malicious destruction of property and was fined \$50 which he is paying by spending 25 days in the county jail. Carrie Pullen sued the Warren Roberts Estate to recover payment for services performed and was awarded the full amount she asked. In the case of the Averill Machinery Co. against the Pacific Coast Elevator Co. and the H. E. Strickland Estate for conversion of wheat, the verdict was awarded the defendants.

"ON TRIAL," SPECIAL FEATURE AT THE LIBERTY TOMORROW

W. S. S. PLEDGES STILL HOLD

Mr. McAdoo has sent out to all War Savings committees the following request and statement:

"I most earnestly urge upon you that your organization make every effort to the end that all pledges for the purchase of War Savings Stamps be fulfilled before the close of the year. The Government's monetary requirements were never greater nor more pressing than they are today. Expenditures for November were greater than in any similar period. These expenditures growing out of the war must be met by borrowing from the people. Much remains to be done; our brave boys must be maintained and paid until their work is fully accomplished and they are returned to their homes. This is no time for us to relax our efforts and the Treasury department is making plans for larger and even more important work during the coming year. Please make every effort to bring this statement before the people and urge upon them that they fulfill their pledges at least.

Numbers of the people of Gilliam county pledged to take War Savings Stamps during the month of December and to them I would state that their pledge still holds. They are not released even though the war has ended. The above statement shows that the Government has planned on the collection of all pledges. Go to the postoffice or bank and redeem your pledge before January 1, 1919.

Seven hundred portable houses for various uses were sent to France by the Red Cross.

YES

we are on the wrong street but we are the right market just the same. Call and prove it for yourself. Look through our cooling rooms and note the clean and sanitary condition. Then take some of our meat home with you and you will know this is the right shop and you'll come again. CONDON CASH MEAT MARKET, (39d40) Armine & Schott, Props.

PEOPLE EXPECTED TO CONSERVE SUPPLIES

The domestic sugar market is now thrown open. The food administration has announced the abolition of sugar cards on and after December 1st. Every house wife may now buy sugar without signing cards and every merchant is allowed to sell his customers without keeping tab on his sales.

This is not a general invitation from the government for every family to start an orgy of sugar intoxication. The food administration politely expresses its expectation that consumers will restrict their purchases to four pounds apiece per month, and that public eating places will use no more than four pounds for each 90 meals served. This is the allowance recently announced to become effective December 1st. The only change is that the restriction instead of being compulsory is now left to the conscience of the consumer.

There ought not to be any difficulty about avoiding excess, in view of the real need of sugar that exists in most parts of the world. We got along fairly well with two pounds of sugar a month. Surely we can get along now with four, even during the holiday season.

The work of the food administration is not yet completed. The people of the U. S. are requested to still conserve on food stuffs. As yet no one staple has been announced but we are expected to conserve on all food. Three hundred fifty millions of people across the ocean are looking to America for food. We must meet these expectations. It is incumbent upon us to feed these people. We can easily do this without material injury to ourselves if we only conserve. We are not to feed the Germans but we are to permit them to purchase food. Not from us but from South America and other neutral countries.

We will admit that sending food to Germany does come hard even though Germany pays for it. Still, we find these words recorded in Holy Writ: "If thine enemy hunger, feed him."

In figuring three hundred fifty million people of Europe as being hungry we do not count the Germans or other enemies.

VOTER SPEAKS OF HOME ATTORNEY

Speaking of the lawyer members of the state legislature, the Oregon Voter has the following:

M. D. Shanks of Condon is at the head of the legal profession in Gilliam county, a position he has reached in spite of comparative youth. He looks fifty, because of his bald expression of wisdom, but is not much more than thirty. Jay Bowerman, who formerly headed the Gilliam County Bar, is baldier than Shanks but not baldier than Shanks is getting to be. Bowerman is a bald brunette, and Shanks is a bald blonde, and both are so bald that they have to take their collars off to comb what they have left.

Wm. Adlard of Fossil is a new subscriber on the Globe's list.

S. C. Dodson of Clem was in Condon yesterday and while here renewed his Globe subscription.
