county, having been born and raised here. The young couple left for Portland Monday and from there took the boat for their home at Langlow, where Mr. Bunn has a position as cheese maker. The Courier joins their host of friends in wishing them every success.

**A Good Position.**  
Can be had by ambitious young men and women in the field of "Wireless" or Railway Telegraphy. Since the eight hour law became effective, and since the wireless companies are establishing stations throughout the country there is great shortage of telegraphers.

Positions pay beginners from \$70 to \$90 per month, with good chances of advancement. The National Telegraph Institute of Portland, Oregon, operates under the supervision of R. R. and Wireless officials, and places all graduates into positions. It will pay you to write them for full details.

**Burning Kerosene (Coal Oil)**  
**It Outshines Gas or Electricity**

**HERE** is an oil-burning lamp which produces a flood of pure, white light—more brilliant than gas or electricity—yet wonderfully mellow and easy on the eyes. It is simple and safe, clean and noiseless, does not fill the room with obnoxious, unhealthy odors. To have a better lighted home, with an

will actually cost you nothing. It will pay for itself in the oil it saves. I am the agent for the Mantle Lamp Company of America and am telling you what I know to be absolute facts. Professor Rogers, of Lewis Institute, Chicago, made a comparative test of all the leading oil-burning lamps on the market—and I the Aladdin was found to give the best light and the most economical to use. But you don't need to accept these strong statements on my word only. All I ask is the opportunity to prove them at my own risk. I will be glad to let you
