A Natural Ice Mine

Among the rugged foothills of the Adirondacks, just beyond Coudersport Pa., one may see a most curious natural phenomenon. In a cave a few feet below the surface there exists a natural ice mine, the ceiling, walls and floor of the cave being perpetually covered with thick ice. Curiously enough during the heat of summer the ice is much thicker than in the coldest winter. Chemists who have tested the ice pronounce it to be absolutely pure natural ice, but no one has been able to discover the cause of this unusual formation, although several theories have been proposed. Some scientists believe that underground water, rising from great depths, congeals upon the walls, but all theories thus far advanced have been unconfirmed, and the origin of the ice mine remains as much of a mystery as ever.—Wide World Magazine.

He Got His.

"I love you," said the flippant youth.
"Do you get me?"
"No I do not get you. I wouldn't have you," retorted the sensible girl.—Kansas City Journal.

Tillamook County Dairy Lands

Dairying, the Only Absolutely "Sure
Crop" and a Monthly Pay Check.

Why not get into the dairy business? Why not let the cow earn you a good living, and something besides? Why not dairy in the county where the meadows are green the year around? Tillamook county is famous for its cheese and dairy lands.

We are in the business of selling Tillamook County Lands and we have some real snap bargains—bargains that won't last long. If you are interested let us hear from you.

Here is one of our good bargains—Seventy-three acres bottom land, cleared and fenced, with good house and barn, all stocked, an income starts as soon as you own the property. Near to cheese factory and school. \$13,600 buys this money-maker. 6,000 cash, balance 10 years at 6 per cent interest. Reasons for selling—Owner is retiring and wishes to move to his village home.

Here is another good buy that only requires 1000 to start the successful ball on the upward roll. Eighty acres, 30 acres cleared, quarter of a mile from postoffice, cheese factory and school house, plenty of good water and road running through the place. \$30 an acre, \$1000 down, balance on long time at 6 per cent interest.

Here is still another good buy. 75 acres tide and creek bottom land. Ask us for prices and terms.

Other business interests forces the owner to place this bargain on the market—75 acres, good house and barn, 10 acres plow land, 40 acres in pasture, better than five million feet of standing timber, on main county road. \$8000, half cash. Will consider village or city income property as part of first payment.

Eighty acres of merchantable timber close to the village of Cloverdale at a price that will interest you.

Just what you have been looking for. Seventy-five acres wild land easily cleared at \$10 per acre.

160 acres, 30 acres meadow land, small house and good barn, small orchard, 1 1/4 miles to school, 5 acres good onion land, but only 1/2 of this is cleared, 5 cows go with ranch. Ask for particulars. \$5,000; half cash; balance 5 years at 6 per cent.

We are buyer finders because we only list lands that are profitable to buy.
