RESCUED FROM DROWNING

Timely Aid Saved the Life of Raymond Lowrance Sunday Afternoon.

Raymond, the 14-year-old son of Mr. and Mrs. John Lowrance, experienced a close call to drowning Sunday afternoon just below the riffles in the Nestucca river. Raymond with two other boys, Harry Endner and Wade Arstill, were enjoying a swim when Raamond got into an eddy in deep water and could not get to shore. His companions made several attempts to reach him but failed until Harry Endner secured a board and then got out in the water far enough to reach the then unconscious boy by the hair. He pulled him on the board and then got him ashore, when crude methods of resuscitation was begun by the boys. Help was called for and in a few moments a crowd was at the river bank and the boy after being worked over for a few minutes regained consciousness. It was an experience these boys will remember for all time.

Birthday Commemoration.

Tuesday evening, June 8, occurred an event long to be remembered by the young people of Meda and vicinity, the event being to commemorate the 18th birthday of Miss Edith Beckwith. A pleasant evening, or more properly speaking, night, was passed in playing games and music, furnished by Henry Weiss and Erwin Gaines on the violin, accompanied by Miss Irene Hullett on the organ.

At midnight a most sumptuous repast was served at which all did ample justice, and it was noticed that a few asked for "another helping." After supper the fun grew apace with time until an early hour, when the guests departed with loud praise of the royal manner they were entertained by their hosts, wishing Miss Edith a long and happy life. Following are the names of those who were in attendance:

Miller and daughter, Albert and Irene Hullett, Edith, Oliver, Milan and Alice Beckwith, Mr. and Mrs. Beckwith, Rufus Wiggins.
