Wells—Tatro.

At the home of the bride's parents on Monday evening occurred the marriage of Henrietta, eldest daughter of Mr. and Mrs. Tatro, of Neskowin, to Mr. George Wells, of Hampton, Yamhill County. The home was modestly decorated in red and green. Rev. F. S. Ford, pastor of the Cloverdale Presbyterian church officiated. After the service a substantial wedding dinner was served—only relatives were present.

The Tatro family are strangers, having only bought in the neighborhood about two months ago. However, they are a fine family and their influence will soon be felt.

Mr. and Mrs. Wells left for their home in Hampton yesterday. They are fine young people and deserve to succeed.

Be Careful.

"We were slowly starving to death," remarked the famous explorer at the boarding house table, "but we cut up our boots and made soup of them and thus sustained life."

"Sh-h-h! Not so loud!" exclaimed the dyspeptic boarder. "The landlady might hear you." — Wisconsin State Journal.

The Rubber Plant in 1735.

The first accurate information regarding the wonderful rubber plant was furnished by La Condamine, a French scientist who was sent in 1735 by the government of France to measure an arc of the meridian near Quito. This brought him to the heart of the rubber growing country, and much valuable information was thus obtained.
