Report reached Cloverdale last evening that P. J. Worrall, of the Hotel Tillamook, had been arrested for selling liquor. It seems that some traveling men, who were going to drive over the mountains to Willamina, wanted an interior warming element, and the hotel proprietor is alleged to have furnished it. A deputy sheriff took passage with the traveling men and came as far as Hebo, where they stopped for the night. Yesterday morning the deputy and one of the traveling men returned on the White stage as far as Fawcett Creek where they were met by Sheriff Crenshaw with his car and with him they returned to Tillamook.

Otis had its share of excitement the other day when the son of the postmaster of that place is alleged to have beat up a young man by the name of Church. Church's condition was of such a nature that medical attendance was deemed necessary and Dr. Hoy, of Tillamook was summoned. He found the lad suffering from concussion of the brain. He was out of danger, however, when the doctor left.

An important item was overlooked last week. It was the sad drowning of one of the sons of Mr. and Mrs. Alex. Fraser, of Salmon River, formerly of Meda, which occurred Friday evening, January 21, when he and his brothers were on their way home from school in a rowboat. The boat swamped when they were in the middle of the river. Two of the boys were helped out, but the other was drowned before help could reach him.

**Raise of Stage Fare Necessitated.**  
Owing to the fact that auto tires, gasoline, etc., has raised in price the proprietor of the White stage has found it necessary to make a slight raise in the price of passenger fares. Commencing Monday the following schedule of prices will go into effect:

	Single fare	Round trip
Cloverdale.....	\$1.50	\$2.50
Hebo.....	1.25	2.25
Beaver.....	1.00	1.50
Hemlock.....	.75	1.25
Yellow Fir.....	.75	1.00
Pleasant Valley.....	.50	.75
Fawcett Creek.....	.35	.50

The proprietor of this stage informs us that he regrets very much the necessity of having to raise the price, but that operating a car for winter travel is very expensive and with the advance in the price of tires and gasoline it became absolutely necessary.

**Auto Ride of Six Miles Without Steering Gear.**

Last Monday the White stage (the one that is sure to get you there) broke the steering gear of the machine when just south of Pleasant Valley. A telephone message asking that a duplicate part be sent immediately was wired to Tillamook. While waiting for the repair it was suggested that the worn road track would keep the front wheels in the road and it proved true. Two or three times the front wheels left the ruts but two men stationed near the front of the car jumped off, kicked them back in the ruts and the car moved on. A distance of six miles was made before the arrival of the repair man and the stage was less than an hour late into Tillamook.

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, astonishes Cloverdale people. Because Adler-i-ka acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing.
