To Bond the County to Build Hard Surface Roads.

Petitions are being circulated in different parts of the county for signatures, that the question of bonding to build hard surface roads may be placed upon the ballot to be voted on at the coming fall election. The petition circulated in and around Cloverdale is meeting with unexpected favor. There is scarcely anyone here that does not favor bonding for hard surface roads. The petition calls for a hard surface road through the county from the north boundary line of the county to the south part of the county by way of Tillamook, Cloverdale and the Little Nestucca to connect with some road leading out of the county.

A recommendation is made in the petition that the County Court appoint the following named gentlemen to act in conjunction with the County Court as an advisory board: Herman Farmer and Chas. Ray, for the south district; M. W. Harrison, F. R. Beals and Samuel Broadhead, for the middle district; Fred Zaddach and Rudolph Zwifel, for the north district.

Industrial Club Meeting.

The Industrial Club of the Cloverdale school held an interesting meeting in the Cloverdale hall last evening. The meeting was conducted in a masterful manner by the president, Howard Owens, and the secretary, Miss Jennie Ward, read a very interesting paper on potato culture. There were also other papers of interest read and the program of songs, the Industrial Club yell and a one act drama that were pleasing. Howard Owens favored his listeners with a French horn selection, accompanied by Miss Lucile George on the piano. Merton Everest and Arba Stiverson rendered a cornet duet, both these numbers being highly appreciated and received hearty applause.

Mr. Buel, county school superintendent, was introduced by the chairman and gave a splendid talk relative to the advantages of country high schools.

Mr. Harrington, field worker of the Oregon Agricultural college, was present and with the use of lantern pictures illustrated his lecture which was both entertaining and instructive.

Messrs. Buel and Harrington left this morning for Meda, Oretown and Neskowin, where they are to hold meetings.

County Court Adopts First Survey.

The County Court at its last session adopted the first survey that was made of the Hudson road. This survey permits of a good grade and shortens the distance 2000 feet. The wish of the people and the desire of the County Court is to locate roads that will be permanent. Changing the location of roads is expensive in some instance but this change we understand will cost less than to put the old one in condition suitable for hard surfacing. Regarding damages let us say this, locate each and every road in the county just exactly where the road should be located to make the best road for those who use the road and where it inflicts a real damage (not a fancied one) pay it. It is better and cheaper to pay for real damages than to spend money on a badly located road.

CLOVERDALE ASTONISHED BY SIMPLE MIXTURE

Cloverdale people are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE constipation, sour stomach or gas. Because Adler-i-ka acts on both lower and upper bowel, a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. W. A. High, druggist.

The Ruling Passion.

It is related of a certain German savant, to show how strong the ruling passion is in death, that as he was dying he exclaimed in French, in which language he was deeply learned, "Je meurs" (I die). Pretty soon he opened his eyes before passing away and added, "Man kann auch sagen. Je me meurs!" (One can also in French use the reflexive form of the verb "to die.") His last flicker of interest was in the word more than in the fact of death.

The Great Philhellene.

There is at least one Englishman for whom Greek affection has never wavered—Lord Byron. Not only is he commemorated in Greece by statues and street names, but his portrait is to be found everywhere, even in the most unlikely places. Mr. W. Miller in his "Greek Life In Town and Country" tells how he came upon a portrait of the poet in a provincial restaurant. The moment he took notice of it "the proprietor, a stout, prosaic looking man, whom no one would have suspected of sentiment, stepped toward the picture, clasped his hands in pathetic gesture and, with a faraway look in his eyes, stood for a time in rapt admiration of the great Philhellene."

First Iron Skates.

Skating does not appear always to have been as common an accomplishment as it is nowadays. Iron skates seem to have been introduced by the Dutch, but the art itself was known in London at an early period. The monk, Fitzstephen, who was secretary to Archbishop Becket, describes the bone skates used by Londoners in the twelfth century. But Pepys, writing in 1662, has a reference. "Over the parke," he says, "where I first in my life, it being a great frost, did see people sliding with their skatees, which is a very pretty art." From which it is reasonable to infer that skating was not as general then as later or Mr. Pepys would not have missed it.

Notice to Contractors.

Sealed proposals addressed to the County Clerk of Tillamook County, Oregon, for furnishing all necessary labor and materials required for the construction of four wooden bridges, along the Tillamook-Yamhill Joint Road, will be received at the Court House in Tillamook County, Oregon, up to the hour of 8:30 o'clock a. m., Tuesday, the 14th day of March, 1916, and at said time and place, publicly opened and read.

Proposals may be submitted for each bridge separately or for the four as a whole.

Each proposal shall be accompanied by a certified check for no less than 5 per cent of the total amount thereof, as a guarantee that if awarded the contract, the bidder will enter into a contract and furnish therewith a satisfactory bond, that the work will be completed in accordance with the terms and conditions thereof.

A copy of the plans and specifications may be seen at the office of the County Clerk, of either Tillamook or Yamhill County.

The County Courts of Tillamook and Yamhill Counties reserve the right to reject any or all bids, or to accept the bid which may be deemed best for said Counties.
