Some road grading is being done on Parkway Drive. We would be pleased to see this driveway graded from the church to the summit of the hill as it would make a scenic road. In descending the view that could be had would be well worth the trip.

We are informed that Mr. Eddy, deputy state highway commissioner, who spent several days last month viewing the roads of Tillamook county, has filed his report with the county court recommending the Little Nestucca as a state highway and asking the court to endorse the recommendation. Before adjournment Commissioner Owens signed the recommendation and it is presumed the other members of the court have also signed it.

D. T. Werschkul, accompanied by Mrs. Werschkul, Mr. and Mrs. R. D. Werschkul and son, hit the road Sunday morning, in company with a big fat turkey, for Oscar Werschkul's home north of Tillamook. The bird occupied floor space in the rear portion of their Ford going over and the rear springs groaned with the extra weight—but not so on the return trip. Dave occupied the front seat and the auto hove into Cloverdale in the evening looking like all springs were in the rear and none in front.

The city council of Tillamook criticised Recorder Aschim recently because of his not finding Dr. Reedy guilty of breaking the speed limit and Mr. Aschim very plainly told the said council that if they were dissatisfied with his way of doing business he would resign and the council advised him they would accept his resignation whereupon it was tendered. The case is one very much to be regretted as Mr. Aschim as we are led to believe has been a very valuable officer and a magistrate reputed as dealing justly with everybody. The law at times prescribes such restrictions upon a magistrate that it apparently looks as though the magistrate would be perfectly justifiable in throwing the statutes and ordinances in the bay and proceed on his own initiative. However, he cannot do this, and must be governed by written codes. Ira C. Smith has been appointed to fill the office.

This is no side line. Dr. Turner gives your eyes a most searching and scientific examination with the latest improved electric instruments, and when he prescribes glasses it is with positive and absolute assurance that they are the best and only kind suited to your eyes. If you do not need glasses he will tell you so frankly. No charge for consultation or examination. Satisfaction guaranteed. Consult him. At Cloverdale Wednesday, April 19. advt.

A very pleasant surprise party was given Mr. and Mrs. Joe Wilson and family last Thursday evening. Just as they were getting up from the supper table a number of their neighbors walked in and surprised them. The evening was spent in playing games, and a midnight lunch was served. At a very late hour all departed for their homes. A Guest.
