### CASEY—"AT HOME."

Gasoline at thirty cents  
Makes a fellow's gloom intense.  
With the garage doors ajar  
I inspect my little car.  
Figure with a bit of chalk;  
Guess just now I'd better walk.

Von Buelow is reported to be coming over to the United States to get a few pointers. He will be welcomed, especially if he has any little dove of peace to turn loose.

South American republics appreciate the stand of their northern neighbor on the respect of international law. The newspapers of South America never before showed so much friendship for and support of the United States.

The accident at the Farmer grade last Friday comes as a warning. The time will arrive when the state will enforce a safety law that will compel the erection of safety guards along the side of roads where there is a grade of any importance, hence it is wise to establish roads, when possible, on the level ground, thus obviating the necessity of building these guards. In some instance heavy abutments will be necessary and these are expensive.

There is no occasion to get into politics after the election is over, yet there are happenings on election day that later makes interesting reading. It looks to the casual bystander as though the "wets" at Tillamook lost hope and made an eleventh hour rush to get in the band wagon. It was a bitter pill to swallow, for the present district attorney is an cut and out, over and above board, prohibitionist, but rather than admit their defeat, the wets bundled their price in a gunny sack and threw themselves in the band wagon. T. H. Goynes was nominated for re-election by the people who are satisfied with the manner in which he has conducted his office. He made no campaign in his own behalf. He got the nomination fair and square, and what is further in November he will be re-elected district attorney on the republican ticket.

### THE SLAB CREEK SAGE SAYS

There are more ways of deserving punishment than there are of escaping it.

Candor compels some men to admit they are above the average.

Of course it was an Irishman who said: "If you cast a Yankee on a desert island he'll be up early the next morning selling maps of the place to the inhabitants."

### Communicated.

In answer to the statement contained in the Headlight of May 25th claiming that I had marked ballots and done various other questionable things on May 19th, in violation of a pre-election promise of support for certain candidates, I wish to say that the entire statement is an absolute and malignant falsehood, and to say the least, characteristic of the source from which it emanates.

There is no truth whatsoever in the statement that I had promised support to Chester Holden or anyone else, in return for the support of the so-called "wets" and the further statement that these parties had brought two different voters to my office who had their ballots marked by me, or by anyone else for me, is equally untrue, and I should be delighted to be confronted by those whose ballots it is claimed I marked.

Yours,

Wm. Marx.

### Homesteaders' Fair.

The Nestucca Grange, near Blaine, is preparing for another "Homesteaders' Fair" this fall. They held one last fall which was quite a success. R. C. Magarrell, R. Y. Blalock and O. W. Kinnaman, who constitute the fair board, are at work soliciting premiums and making preparations to have a good fair. This part of the county has practically all the homesteaders in the county and it is largely to encourage them that this fair is held. There is some good railroad land in this part of the county that will be open to homesteading soon. The date of the fair is Sept. 15. Watch for the Homesteaders' Fair.

R. Y. Blalock, Sec.

DR. H. M. MASSEY

is a college graduate in Dentistry, registered in Oregon, has had several years experience, and has come to Tillamook county to make it his future home.

## Wise & Massey

### Dentists

And Owners of

### BAR VIEW

### TENT CITY

DR. W. A. WISE

is the same Dr. Wise who practiced Dentistry in Tillamook county a few years ago, and will be pleased to again wait on those who desire his services.

We have Dental Offices in Tillamook, Bay City, Bar View and Cloverdale, and are equipped to do all kinds of Dental Work as good as it can be done anywhere.

### WHAT WE CANNOT GUARANTEE, WE DO NOT DO

Dr. Massey guarantees all his work and can be consulted at any time.

Call up by Telephone.

Dr. Wise has had thirty years experience in plate work and guarantees what he says.

### Free Painless Extracting, when Bridge work is Ordered

OUR BRIDGE WORK has been brought up to the highest state of perfection. The teeth on the bridge are interchangeable at will without removing from the mouth.

PLATES WITH FLEXIBLE SUCTION—The very best and latest in modern dentistry. No more falling plates. If you are having plate troubles, get Dr. Wise's advice as to what should be done and the cost of doing it FREE. We can extract your teeth absolutely without pain—free where plate or bridge work is ordered.

### Will be at Cloverdale Hotel Every Tuesday

# A Mistake in the Policy of the Bethlehem Steel Company

### To the People:

The Senate of the United States has passed a bill to spend \$11,000,000 of the People's money to build a government armor plant. The measure is now before the House of Representatives.

It is said that manufacturers of armor have "gouged" the country in the past, and that a government plant is necessary to secure armor more cheaply.

The mistake of the Bethlehem Steel Company has been that it has kept quiet.

We have allowed irresponsible assertions to be made for so long without denial, that many people now believe them to be proven facts.

We shall make the mistake of silence no longer.

Henceforth we shall pursue a policy of publicity. Misinformation will not be permitted to go uncorrected.

It is and has been the policy of our Company to deal with the American Government fairly and squarely.

We shall henceforth place the details of our relations with the Government before the American People.

The United States has for twenty years obtained the highest grade of armor and has paid a lower price for it than has any other great naval power.

Figures officially compiled for the Senate Committee on Naval Affairs from the Naval Year Book show that under conditions prevailing just before the European war, the chief naval powers of the world were paying these prices for armor:

England, \$503 per ton; France, \$460; Germany, \$490; Japan, \$490; UNITED STATES, \$425.

A government plant cannot make armor any cheaper than we can do it; and—

We are prepared to manufacture armor at any price which the Government itself shall name as fair. THAT BEING SO, SHOULD \$11,000,000 OF THE PEOPLE'S MONEY BE WASTED TO BUILD A GOVERNMENT PLANT?

CHAS. M. SCHWAB, Chairman  
EUGENE G. GRACE, President

Bethlehem Steel Company
