The Wall Paper Man.

### L. Jensen Passes Away Monday.

L. Jensen, a prominent rancher of Hebo, died at the Boals hospital, at Tillamook, of a complication of trouble and advanced age, Monday, October 16th, at the age of 73 years, 6 months and 20 days.

The funeral, which was very largely attended, was held at the Oddfellows' cemetery Tuesday morning at 11 o'clock. Rev. Dora Young preached a splendid sermon from the text Job 16:22: "When a few years are come then I shall go the way whence I shall not return."

There were many beautiful floral offerings. A very fitting tribute was paid by the Hebo schools who marched in a body to the cemetery, two girls carrying a large wreath made by the scholars and placed on the grave.

### OBITUARY.

Lars Jensen was born in Denmark March 26, 1843.

On November 26, 1866 he was married to Marn Sophia Hansen. To this union was born four daughters and two sons. Two daughters died in infancy.

With his wife and two sons Mr. Jensen left his native country in 1872 and came to the United States and settled in Middlesex county, New Jersey, where they remained until 1876 when they moved to Kern county, California. In May, 1878 they moved to Tillamook county, where they have since resided. His wife died June 15, 1915.

The children are: H. L. Jensen, Beaver; Charles, of Hebo; Millie Sappington, of Cloverdale, and Marie Darling, of Meda.

### Dr. Turner Coming.

Dr. Turner, the well known eye specialist of Portland, will be at the Cloverdale Hotel Thursday, October 26.

School has commenced. Were your children backward in their studies last year? If so, it may be due to eye trouble of some kind. An education obtained at the expense of eye sight is of small value. It is better to obtain both, by seeing that the children's eyes are right. Children cannot tell whether their eyes are right or wrong. Bring them to Dr. Turner and let him give their eyes a most thorough searching and scientific examination with latest improved electrical instruments, and he will tell you whether they are right or wrong. Is not such information almost beyond price? If they do not need glasses, Dr. Turner most positively will not recommend them. You owe this to your children.

Be sure and let Dr. Turner show you the new glasses for distant and near vision, all in one light, solid piece of glass. Headaches relieved, cross eyes straightened, satisfaction guaranteed. Don't forget the date. adv.
