MAY PUT MILL HERE.

It Is Possible that Cloverdale Will Have New Saw Mill.

It is possible and may be probable that Cloverdale will have a new saw mill. Messrs. Jenck and York are figuring it out that they could consolidate their mills and move them to this place. Mr. Jenck has a mill at Beaver and Mr. York one near Eugene. These gentlemen are practical mill men and are financially able to make things pay here with the kind of a mill they will erect. We would be glad to have them locate with us as they are familiar with the field, both having previously lived here, and both more or less financially interested in the upbuilding of the community.
