Buenos Aires has a plan that is worthy of emulating. Every year Buenos Aires exempts from taxation the most beautiful building erected within the preceding twelve month, and awards a medal to the architect.

## WANTS PRESS GOVERNMENTALIZED.

Mr. Bryan wants a law to compel newspapers to give a greater space for matters the government desires published.

Every newspaper is flooded now with requests for publicity from nearly every department and official bureau, state and federal.

Newspapers receive from five to ten letters in a day's mail setting forth the importance and value of services performed by boards, officials and commissions.

Time taken to prepare all this matter, paper and postage, are all at public expense and increase cost of government and seek to expand public functions.

High taxes, high cost of officialism, and constant increase of overhead expenses largely are due now to governmental press bureaus.

Why should the newspapers be asked to run all this free of charge?

## THE SLAB CREEK SAGE SAYS

But the ignorance of a lawyer isn't bliss for his client.

Beware of people whose politeness is excessive.

The average woman is vain enough to believe that she isn't.

Men who speak before they think have occasion to make many apologies.

How many times have you won out when invited to play in another man's game?

No man has a right to expect his wife to be a good cook unless he is that kind of a provider.

When a girl tries to dodge a kiss she manages to do it in a way that enables her to catch it just where she wants it.

The spilled milk of human kindness is the only kind worth crying over.

A man is likely to save his religion and best suit of clothes for the Sabbath.

One burlesque show will keep the average man awake longer than a dozen sermons.

Nothing takes the ambition out of a man more effectually than an easy chair.
