What might have been a serious accident was narrowly averted yesterday when little Arlene Stiverson was run over by the Woods mail wagon. Fortunately she escaped with a few bruises.

She made her first trip this week and came in Wednesday with a nice load of salmon, halibut and a few of the other deep sea varieties. The Della, it is expected, will make a business of deep sea fishing this season. As a result of the first trip Mr. Ray brought from Tillamook a fine specimen of halibut and his friends here are enjoying a treat today at his expense.

If it Isn't an Eastman It isn't a Kodak!

This phrase is used by the Eastman Kodak Co. to acquaint the public with the fact that they are exclusive manufacturers of the Kodak, also the Graflex, Freno and Brownie Cameras.

These cameras have been before the public and in use for years and have proved their superiority over all other makes.

Why buy an inferior camera when you can get the best at practically the same cost?

We have the Eastman line of Kodaks and Cameras only.

TILLAMOOK

YOU'RE beginning to notice a lot more information about tobacco, since W-B CUT Chewing got into full swing. People don't hanker after size any more. They want tobacco satisfaction—and excess sweetening can't cover up what's not there. The good tobacco taste of W-B is winning friends pretty much wherever you go nowadays—just rich, sappy leaf, shredded and seasoned with a bit of salt to bring out the fine tobacco flavor.
