THE GREAT DUTY.

As we go about our daily tasks in peace and safety men are dying every minute on the battlefields of Europe to save civilization. Our own gallant soldiers are shedding their blood in France and our sailors engulfed in the waters of the Atlantic as they go in defense of America's rights and honor. Upon our performance of the work committed to us depend the lives of thousands of men and women, the fate of many nations, the preservation of civilization and humanity itself; and the more efficient and prompt we people of America are in doing our part, the more quickly this war will come to an end and the greater the number of our soldiers and sailors who will be saved from death and suffering and the greater number of people of other nations released from bondage and saved from death.

To work, to save, to economize, to give financial support to the government is a duty of the nation and to the world and it is especially a duty to our fighting men who on land and sea are offering their lives for their country and their countrymen.

THE LIBERTY LOAN HONOR FLAG.

A new and distinctive feature will be introduced in the Third Liberty Loan campaign, and every city or town in the country which subscribes more than its quota of Liberty bonds will be awarded by the Treasury Department an Honor Flag.

The flag will be 36 inches wide and 54 inches long. The body of the flag will be white with a red border, and three broad blue vertical stripes denoting the Third Loan. The flags, which will be of the same quality as the flags of the navy, are already being manufactured and will be awarded as fast as the right to fly them is won. Though awarded by the Treasury Department, they will be distributed by the Liberty loan committees of the different districts.

There will also be a National Honor Flag for each State, to be flown at the State capitol, with the name of each town winning a flag inscribed upon it. There will be also preserved in the United States Treasury a National Honor Flag, with the record of each State recorded on it.

Stars, to be placed on the flag of each city or town doubling its quota, will be also awarded, and an additional star for each time the quota is doubled.

An Honor Roll, containing the names

of all subscribers, but not the amount of the individual subscriptions, will be kept in each community. A window card, bearing a representation of the Honor Flag, will be given each subscriber to the loan, to be displayed at the home or place of business.

Respectfully, H. M. Farmer.
