What the Teacher Sent.

Little Mary started to school on her second year last Monday.

When she came home her mother asked:

"Well, Mary, what did the teacher say to you after the long summer vacation?"

"She said, 'Hello Mary,'" the child replied.

"And what else?" asked the mother. "She said, 'When you go home please tell your mamma that I sent her my rewards,'" was Mary's second reply.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of **Jad Salts**; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

A BAD WRECK—of the constitution may follow in the track of a disordered system, due to impure blood or inactive liver. Don't run the risk! Doctor Pierce's Golden Medical Discovery cures all disorders and affections due to impure blood or inactive liver. The germs of disease circulate through the blood; the liver is the filter which permits the germs to enter or not. The liver active, and the blood pure, and you escape disease.

When you're debilitated, and your weight below a healthy standard, you regain health and strength, by using the "Discovery." It builds up the body. Sold in Tablet or Liquid form. If your dealer does not have it, send 60 cts. for the Tablets. Dr. V. M. Pierce, Buffalo, N. Y.

The Wealth of the Ukraine

The states of Ohio, Indiana, Illinois, Michigan, and Wisconsin have a combined area about equal to that of the new Ukrainian Republic. Putting it in another way, Ukraine, according to a native writer, is as large as the German empire with the state of Illinois annexed.

Mere area in itself signifies little, but the extent of land surface comprised within the limits of the new republic of Ukraine contains the most fertile parts of the old Russian empire. It is known as the "Black Earth Belt" and has been not only the granary of Russia but the greatest granary of eastern Europe. In 1914 one-third of Russia's total farm products came from this "Black Earth Belt," which is really Russia's wheat belt. Ukraine produces 80 per cent of Russia's crude sugar and 59 per cent of her refined sugar. The tobacco production of the region is relatively as large as that of sugar. The Ukrainian supplies about 50 per cent of the Russian live-stock output.

Not only is the Ukraine a great source of agricultural wealth, but in mineral resources it has been to Russia what the northern provinces of France, now overrun by the Germans, have been to that republic. Of coal, it has produced 70 per cent of the total Russian product, an equivalent proportion of pig iron, and of steel nearly as much. Manganese, mercury, petroleum, peat, phosphorite, and kaolin are other important mineral products of the Ukraine.—From "The Ukrainian Republic," in the American Review of Reviews for March, 1918.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called **freezone** when applied to a tender, aching corn or hardened callous stops soreness at once, and soon the corn or callous dries up and lifts right off without pain.

He says **freezone** dries immediately and never inflames or even irritates the surrounding skin. A small bottle of **freezone** will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of America's women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have **freezone** tell him to order a small bottle for you.—Adv.

To keep clean and healthy take **Dr. Pierce's Pleasant Pellets**. They regulate liver, bowels and stomach.

GRANDMAN EVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy, with Sage Tea and Sulphur.

When you darken your hair with **Sage Tea and Sulphur**, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "**Wyeth's Sage and Sulphur Compound**." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with **Wyeth's Sage and Sulphur Compound** and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.—Adv.

To The American People

There is no foundation for the alleged violations of law attributed to our Company by agents of the Federal Trade Commission and I want to say emphatically that **Swift & Company** is not a party to any conspiracy to defraud the Government. Nor has **Swift & Company** been guilty of improperly storing foods or of making false entries or reports.

Conferences of packers, where prices have been discussed, have been held at the urgent request and in the presence of representatives of either the Food Administration or the Council of National Defense. And yet the packers have been accused of committing a felony by acting in collusion on Government bids!

We have done our best, with other packers, large and small, to comply with the directions of the United States Food Administration in all particulars, including the furnishing of food supplies for the U. S. Army and Navy and the Allies, now being handled through the Food Administration.

We will continue to do our utmost, under Government direction, to increase our production and assist the Food Administration. We consider that the opportunity to co-operate wholeheartedly and to our fullest powers with this branch of the Government is our plain and most pressing duty.

The Trade Commission Attorney has, by false inference and misplaced emphasis, given to disconnected portions of the correspondence taken from our private files and read into the Record, a false and sinister meaning with the plain purpose of creating antagonistic public opinion.

The services of the packers of the United States are most urgently needed, and I regret exceedingly that we should at this time have to spend our efforts in defending ourselves against unfounded, unproved, and unfair assertions such as are being daily made public.

L. F. Swift, President

Swift & Company, U.S.A.
