### The Wise Husband.

Mr. Barton lived in a suburban town. His wife asked him to purchase a shirtwaist for her while in New York. After telling the salesgirl what he was after, she displayed a number. "Here are some very pretty ones. What color do you prefer?" she said. "It doesn't make any difference," replied Mr. Barton.

"Doesn't make any difference!" exclaimed the salesgirl. "Why, don't you think your wife would like a certain color?"  
"No, it makes no difference what color I get or what size. I shall have to come back tomorrow to have it changed."

Dr. Pierce's Pellets are best for liver, bowels and stomach. One little Pellet for a laxative—three for a cathartic.

### Generosity.

An old fellow on his deathbed, in making his will, murmured to his lawyer: "And to each of my employees who have been with me 20 years or more I bequeath £2,000."

"Holy smoke, what generosity!" the lawyer exclaimed.  
"No, not at all," said the sick man. "You see, none of them has been with me over a year; but it will look good in the papers, won't it?"—Liverpool Post.

### Changing Times.

"Conditions are certainly changing. They are setting the clocks ahead to get more daylight."  
"So they are."

"And soon there won't be any fly time. Gosh, that was a regular season a few years back."—Louisville Courier-Journal.

### Well Whitewashed.

"I don't object to your marrying that young representative, Emily, but I'm afraid he doesn't stand very high in the political world."  
"Oh, yes, he does, mother. He's already been investigated by five committees."—Froth.

## SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! It Darkens So Naturally that Nobody can Tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.

### It Turned.

"My hair began to turn when I was quite young," she said.  
"Oh, then you've dyed it?"  
"Sir! What do you mean?"  
"Beg pardon. Didn't I understand you to say it turned?"  
"Certainly, that's what I said. It began to curl."—Exchange.

**NOTHING STANDS AS HIGH**, as a remedy for every womanly ailment, as Dr. Pierce's Favorite Prescription. It's the only medicine for women certain in its effects.

"Favorite Prescription" is an invigorating, restorative tonic, a soothing and strengthening nerve, and a complete cure for all the functional derangements, painful disorders, and chronic weaknesses peculiar to the sex.

For young girls just entering womanhood; for women at the critical time; nursing mothers; and every woman who is "run-down," tired or overworked—it is a special, safe, and certain help.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

How to preserve health and beauty is told in Doctor Pierce's Common Sense Medical Adviser. It is free. Send Dr. Pierce, Buffalo, N. Y., five dimes, or stamps, to cover printing and mailing.—Adv.

### Vicarious Treatment.

Caller—Doctor, have you ever treated a patient for loss of memory?  
Doctor—Oh, yes, indeed. I employ a bill collector quite often.—Boston Transcript.

### Which One?

School ma'am—Tommy, how do you spell "ham"?  
Tompp—Please, ma'am, do you mean the 'am we eat or the am we are?—Chicago Herald.

### Small Matter.

"Your husband hasn't had any—er—entanglements since he has been 'over there' has he?"  
"No—nothing but barbed wire—so far."—Florida Times-Union.

### Soft, Clear Skins.

Night and morning bathe the face with Cuticura Soap and hot water. If there are pimples first smear them with Cuticura Ointment. For free samples address, "Cuticura, Dept. X, Boston." Sold by druggists and by mail. Soap 25c. Ointment 25c and 50c.—Adv.

**SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL**

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out without a particle of pain or soreness.

This drug is called freezeone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezeone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon, any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug freezeone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezeone have him order it for you.—Adv.

## WHEAT IS FAVORABLE

Crop Conditions Throughout Washington Show Marked Improvement Over Same Time Last Year.

The entire winter has been unusually favorable for winter wheat on account of the above normal temperatures and adequate precipitation, practically all of which was absorbed by the soil. Many fields, especially throughout the Palouse and Big Bend areas of the state, which had not appeared above the ground by December due to lack of precipitation early in the season and where conditions indicated a duplication of the unfavorable rotting out of the preceding year, have attained substantial growth. Although there has been an unusual winter growth of all wheat throughout the Big Bend and Palouse counties, the plant has not attained the height reached under the most favorable years, and this condition is conducive to weed growth later in the season. There are also occasional fields in the Big Bend, Spokane and Whitman counties and the dry land areas of Walla Walla county, that were sown early in the fall which germinated unevenly and may require partial re-sowing, but the present favorable growing weather will undoubtedly materially improve the appearance of these fields within the next two or three weeks. The condition of fall wheat in Walla, Walla, Klickitat and surrounding counties is exceptionally favorable, especially in moisture.

Spring seeding and planting are now general throughout the state excepting in some of the extremely late areas. On account of the early favorable spring and unusually favorable moisture conditions, many areas in the state are completing spring seeding of wheat this year by the time they began seeding last year.

There has been considerable improvement in the condition of livestock and losses from disease have decreased throughout the entire state.

### Do You Do This?

The customer was paying the merchant an account and handed over a wad of 20 \$5 bills.

Carefully the merchant placed the notes on the counter, and wetting the tip of his finger he counted them one by one.

"I noticed," remarked the customer, smilingly, after the merchant had placed the wad in his inside pocket, "that you didn't 'flick' up the last one."

"No," was the canny reply. "I dinna dae more than look at the last one. That's guid enough for me without touchin' it; there might be anither underneath it."—Chicago Herald.
