Don't Use Any Other Than Cuticura Soap To Clear Your Skin

With the Fingers! Says Corns Lift Out Without Any Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.—Adv.

Now His Move.

"Wife, I'm afraid I can't afford new clothes for you this spring."
"Well, then, Dick, we must move. I don't mind wearing my old clothes in a new neighborhood, but I won't stay here and wear them."—Boston Transcript

GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.

The Judge and the Expert.

Mayor Hylan of New York has no belief in efficiency experts and has banished them from the city hall.

An efficiency expert undertook to teach Judge Hylan, as he then was, a lesson some years ago.

"I observe, Judge," the man said, "that you've given notice to your office boy, Jimmy. That's a great mistake."

"But he's the most worthless little—"

"Judge," the expert interrupted, with a superior smile, "I'm going to give you an efficiency lesson. Take Jimmy back, for he sings at his work, and there's no surer sign of efficiency."

"Humph, that's no sign," said the Judge. "A mosquito does that."

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.

A One-Man Job.

Ferdinand De Footlites was billed for a one-night stand at Mallow-on-the-Marsh. So he sent a telegram to the proprietor of the local theater:

"Will hold a rehearsal tomorrow night. Have stage manager, stage carpenter, property man, assistant electrician and all other stage hands there without fail."

Within a few hours he got a reply from the proprietor, who wired back: "He will be there."—Tit-Bits.

Hard Worked.

"There goes the hardest worked man in town."

"Nonsense! He's rich and independent."

"Yes, but he has three daughters who work him for the support of their husbands."—Exchange.

Weary.

Actress (to her fiance)—Please don't ask me to kiss you for a week or so, darling. You must remember I took over £200 yesterday selling kisses for the Red Cross.—Passing Show.

A Saving Theory.

"Billings isn't very generous with all his money, is he?"

"No; he holds that wealth is a burden, and that it is not fair to put one's burdens on other people's shoulders."—Baltimore American.

Divided Authority.

"Who really is boss in your home?" inquired the abrupt person.

"Well," replied Meekton, "of course Henrietta assumes command of the pug dog and the canary. But I can say pretty much what I like to the goldfish."—Exchange.

THE REFLECTIONS OF A MARRIED WOMAN

—are not pleasant if she is delicate, run-down or overworked. She feels "played out." Her smile and her good spirits have taken flight. It worries her husband as well as herself.

This is the time to build up her strength and cure those weaknesses or ailments which are the seat of her trouble. Dr. Pierce's Favorite Prescription regulates and promotes all the proper functions of womanhood, enriches the blood, dispels aches and pains, melancholy and nervousness, brings refreshing sleep, and restores health and strength. It cures those disorders and derangements incident to womanhood.

A well-known agent which can be procured at all drug stores is "Pleasant Pellets," made up of the May-apple, the dried juice of the leaves of aloes and the root of jalap. First put out by Dr. Pierce nearly fifty years ago.—Adv.

5500 ACRES BOUGHT

Rich Reclaimed Tract Along Columbia River Brings \$300,000—Oats and Pasturage for First Year.

Fifty-five hundred acres of choice bottom land reclaimed from the Columbia river, near Clatskanie, in Columbia county, Or., has been purchased from the Columbia Agricultural company by a syndicate composed of Lee Arnett, Portland banker; Max H. Houser, grain exporter and Federal grain administrator for the Northwest; Ralph E. Williams, of Portland and Dallas, and Donald Bell, a New York manufacturer.

The price paid for the property by the syndicate is announced at \$300,000. The deal was closed March 25, but was announced only this week.

At the same time it was announced that 3000 of the 5500 acres are to be seeded at once in oats, so that the first crop may be gathered this year. The purchasers, who have organized the Clatskanie Land company to handle the property, have put up \$50,000 to buy the necessary seed and are spending \$20,000 for farm machinery.

The remainder of the property will be devoted for the present to stock grazing. While plans in this connection have not been announced, it is understood that considerable stock is to be purchased.

The war has resulted in a great demand for oats to feed the great number of horses in the American and allied armies, and this is understood to be the reason for planting the first crop to that grain.

Later the Clatskanie Land company plans to put the land under intensive cultivation, under its own management, for the raising of potatoes and other vegetables in large quantities for the Portland market.

Willard N. Jones is already in charge of the property as manager for the company. The land is said to be one of the richest tracts in Oregon, the soil being peaty and very fertile. It is a part of 10,000 acres that have been diked and reclaimed by the Columbia Agricultural company.

Labor Scarce at Walla Walla.

Walla Walla—The farmers' union, assisted by the county agricultural agent, has started a campaign to get more farm help. There is a shortage. One farmer had to stop his plow teams, being unable to get men. An effort will be made to have clerks and others who work in the city go into the harvest fields this fall.

NORTHWEST MARKET REPORT

Wheat—Bulk basis for No. 1 grade: Hard white, \$2.05. Soft white, \$2.03. White club, \$2.01. Red Walla, \$1.98. No. 2 grade, 3c less; No. 3 grade, 6c less. Other grades handled by sample.

Pigs, 15.00@16.00
Bulk, 17.70

Sheep—Prime spring lambs, \$20.00
Heavy lambs, 16.50@18.00
Yearlings, 15.00@15.25
Wethers, 13.00@13.50
Ewes, 12.00@12.50

There Is No Monopoly

in the packing industry.

Swift & Company, although the largest packer, handles not to exceed one-eighth of the total meat production of the United States.

The five large packers do not handle to exceed one-third of the total meat production of the United States.

Swift & Company is not in combination with any other packer or packers to control prices.

There is very active competition in the buying of live-stock and equally keen competition in the sale of dressed meats and by-products.

1918 year book of interesting and instructive facts sent on request.
