Things Worth Knowing.

To date 1,227,000 Americans have been called to the colors under the selective service act.

Sergeant L. Baylies, of New Bedford, Mass., an American flyer in France, has brought down seven German airplanes within the last two months, says an official dispatch from France.

Seven young men of Brussels, born in Belgium of German parentage, but Belgian citizens by adoption, have been taken to Germany to be enrolled in the army, according to an official dispatch from France.

Saloonkeepers in New York City were notified Thursday by Brigadier General C. H. Sherrill, adjutant general of New York State, that alcoholic liquors must not be sold to drafted men, even though they are not in uniform.

Serious disturbances in the Austrian-Hungarian fleet have caused changes in the high command, a dispatch from Switzerland says. The crews, composed largely of Slavs and men of Italian descent, have made much trouble and the disturbances were put down with difficulty.

Unofficial advices tell of an order for the expulsion from Mexico of Robert H. Murray, the representative of the committee on public information in Mexico City, who, in that capacity, has been in charge of the work conducted by the American government to offset German propaganda.

Joseph F. Rutherford, successor to "Pastor" Russell as head of the International Bible Students' association, and five other leaders of the organizations founded by Russell, were arrested in a raid by Federal authorities on the headquarters of the Bible Students' Association in Brooklyn Thursday.

An order for 100,000 wrist watches and 100,000 radio compasses for the officers of the American army are among the unexpected requests that have come to the American supply department in Paris. These new implements of war are being rapidly assembled from Swiss and other European stocks.

"When you are as old as I am you won't be looking under an automobile," said Thomas Prather, of Olympia, jokingly Thursday to a woman acquaintance who was examining her machine. With these words he fell to the pavement and died on the street. He was 86 years of age and one of the oldest Olympia pioneers.

Estimates submitted to congress Thursday by the shipping board call for an appropriation of \$2,223,835,000. For the cost of construction of ships authorized by the urgent deficiency bill of 1917 the board has requested an appropriation of \$1,386,100,000, and for the purchasing and requisitioning of plants and materials, \$652,000,000.

The War Trade board has issued regulations holding imports of crude rubber to the United States to a basis of 100,000 tons annually and limiting issuance of licenses for such importation to 25,000 tons from May 6 to July 31. The cut amounts to something more than one-third of America's imports. The order goes into effect immediately.

Two women spies, Josephine Alvarez and Victoria Faucher, condemned to death by courtmartial January 25, at Nantes, France, were executed Tuesday morning.

May 6 was the hottest in the history of the New York City weather bureau. At mid-afternoon, the official thermometer registered 84, breaking by four degrees the record established on May 6, 1896.

MAY SEIZE RUSSIA

Country Faces Prospect of Becoming
Colony of German War Lord—
Teuton Centrists May Split.

London—Russia has been suddenly faced with events that may again change the political outlook, the Petrograd correspondent of the Daily Express telegraphs. Germany, he says, has apparently found that economic dominion over Russian territory is insufficient and is now seeking military occupation.

An extra session of the Bolshevik government council has been held in Petrograd to discuss the situation created by the ultimatum recently delivered by the German ambassador, Count von Mirbach, which embodied demands of a character apparently calculated to turn Russia virtually into a German colony.

Premier Lenine's speech at this meeting was extremely pessimistic, the correspondent reports.

According to the newspaper Podnia, the question of transferring the capital to Nijni-Novgorod was broached, as was the subject of immediate military measures for the defense of Moscow against possible aerial attacks.

The situation in Ukraina has become so disturbing that the Germans have dispatched large detachments of Bavarian cavalry from Flanders on the way to Ukraina, the correspondent of Amsterdam of the Exchange Telegraph company reports.

Word that fighting is to be renewed in Ukraina has been received from Liege, Belgium, according to the dispatch. The Bavarian cavalry detachments are said to have arrived at that city.

The likelihood of a split in the Centrist party, one of the most powerful in the reichstag of which Chancellor von Hertling is a member, is discussed in Berlin newspapers, an Amsterdam dispatch to the Exchange Telegraph company reports. Dissension has arisen over the chancellor's Eastern policy. The newspapers say the anti-Hertling faction, headed by Matthias Erzberger, may be able to cause the chancellor's fall.

M. von Engel is quoted by the correspondent as reporting the situation in Petrograd still precarious owing to the scarcity and dearth of food. The Lenin government, however, is gaining in stability and power, he says, subduing the unruly elements and making an effort to reorganize the army.

The number of unemployed is great and industry is completely at a standstill.

The peasantry, who are the principal supporters of the Bolshevik government, the minister added, are still looking to that government for a free distribution of land, most of which in the meantime has been left uncultivated.

KAISER RULE GRIPS HOLLAND

Dutch Threatened With Fate of Roumania—Allied Nations Uneasy.

London—Germany has made claims on Holland which are described in a Central News dispatch from The Hague as very serious stipulations that would bring Holland to a great extent under the economic influence of the Germans.

These claims are in addition to the one respecting the Dutch tonnage which is demanded for use after the war, as an offset to the tonnage which the allies are now using.

"Germany is actually endeavoring to make a second Roumania of Holland," says the dispatch.

At a conference a few days ago between Foreign Minister Louden and the ministers of the United States, Great Britain, France and Italy, it was pointed out that the entente is viewing with great apprehension the situation between Holland and Germany.

Holland was told of the dangers which might befall from agreement with the German claims in connection with grain shipments from America.

The entente representatives promised not to put difficulties in the way of Holland, but made it plain that their governments had not departed from their original viewpoint.

Germany now makes an agreement on the economic questions dependent upon acceptance by Holland of its claims regarding the shipping question. This might again give rise to serious difficulties.

HUGE U. S. ARMY TO OPPOSE HUNS SOON

Allies Sure Line Will Hold Until
Uncle Sam Can Strike.

DO NOT FEAR BOCHE

Foch's Method of Fighting and Retiring
Only After Enemy Has Paid
Awful Toll Is Vindicated.

Ottawa—So confident is the entente of its ability to withstand any drive the Germans can launch that it has been decided not to use the American army until it becomes a complete power and force, according to cable summary of operations on the west front.

"The position now is," said the summary, "that the Germans, determined to concentrate every available unit on one enormous offensive, are draining their country dry to force a decision before it is too late, while the entente are so confident that, having been given the choice of a small immediate American army for defense or waiting till they are reinforced by a complete, powerful, self-supporting American army, they have chosen the latter."

"The German commander, seeing how nearly he is delivering himself to the allied reserve, has been compelled to accept temporary failure and call a halt. His position is tactically exposed in two dangerous salients on waterlogged ground. His countrymen are dangerously dissatisfied at the immense price paid for his failure to terminate their sufferings. His allies are on the verge of quarreling and daily exhibit their growing dislike and distrust of the taskmaster who robs them of their lives and food."

"His reserves have nearly reached complete exhaustion. Those of the Franco-British are still in being, while the American preparations develop. The time draws closer when defeat is inevitable. Therefore, he must renew the offensive."

"The allies may have complete confidence in the results. For the enemy the issue is a desperate endeavor to avoid defeat; for the allies the issue is only that of victory deferred."

"The coming battle may be a repetition of Verdun on a large scale, and if both sides should be exhausted the allies have vast powers of recuperation, while Germany has drafted her resources already."

"To the sledge hammer uses of masses of men by the enemy the allies are opposing the strategy of meeting the blow with the smallest force capable of standing up to the shock, while keeping the strongest reserve possible."

Troops on the wings are permitted to give ground within limits wherever the enemy has been made to pay a greater price than the ground is worth, the whole aim being to reduce the enemy to such a state of exhaustion that our reserve at the right moment can restore the situation."

HUNS FED ON ABSURD LIES

Gullible People Told American Troops
in Training Camps Mutiny.

Washington, D. C.—A German wireless message saying that grave insubordination is a daily occurrence in American army training camps was made public Monday by the State department as an illustration of the lengths to which the German government is going in an effort to keep up the spirits of the civil population.

The message, which was sent out May 9, and was given out by the State department without comment, said:

"According to information from Christiania, Norwegians recently arrived from America say that grave cases of insubordination occur daily in American training camps. At first breaches of discipline were punished by death, but this was stopped owing to the number of cases. In a particularly flagrant instance all the soldiers in a camp acted collectively and obtained not only immunity for the mutineers but punishment for all officers. Furthermore, much damage to work and material is being done."

A LOST BANK CHECK

When a Bank Check that is drawn in favor of a definite individual or firm is lost, its payment at the Bank may be stopped. When money is lost, it is impossible to trace and recover it. The check is the best and safest method of making payments, as your money is safe and secure at the Bank until the check is actually paid to the rightful person and then you have the paid check as receipt for the money. An account subject to check at this Bank will protect your money.
