 Cincinnati authority says corns dry up and lift out with fingers.

Ouch!?!?!?! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezezone when applied to a tender, aching corn or hardened callous stops soreness at once, and soon the corn or callous dries up and lifts right off without pain.

He says freezezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezezone will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of America's women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezezone tell him to order a small bottle for you.—Adv.

**\$500,000 FOR CANAL**  
 Senator Jones Wires Government Will Spend That Sum in Development Work on Wapato Project.

Yakima—The government will spend \$500,000 in developing canals on the Wapato project within the next year. A telegram from Senator Jones Friday said congress had made that sum available to be spent immediately.

F. A. Wiggins of Toppenish and others in touch with the situation say this will mean 20,000 more acres put in cultivation on the reservation for 1919.

Superintendent L. M. Holt, in charge of irrigation development, will proceed immediately to organize crews to speed up construction, and will put on at once three drag line excavators and order another. The main canal will be extended several miles and the main lateral of the new system constructed this summer, as work on these will not interfere with the present distributive system. One machine working on drainage continuing work last fall was discontinued recently because the appropriation was exhausted.

This decision of congress to expend this sum for immediate construction is due to the fact that more acreage can be developed for crop production on the Yakima reservation for the same money than for any other place in the United States. The plan was approved by Charles Heberd, food administrator.

**Traffic Records Broken.**  
 Vancouver, Wash. — Last Sunday was a record-breaker for inter-state bridge tolls. The receipts on the bridge, exclusive of streetcar revenue, which will run between \$500 and \$600, were \$931.10. Receipts one Sunday several weeks ago were \$930.30. Receipts from the streetcars will bring the total up to more than \$1500, it is thought. The fine weather was largely responsible for the unusually heavy traffic across the Columbia river.

**GARY HAIR BECOMES DARK AND BEAUTIFUL**

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

**YOU GET STRONG,** if you're a tired-out or "run-down" woman, with Dr. Pierce's Favorite Prescription. And, if you suffer from any "female complaints" or disorder, you get well. For these two things—to build up women's strength, and to cure women's ailments—this is the best medicine to benefit or cure.

The "Prescription" regulates and promotes all the natural functions, never conflicts with them, and is perfectly harmless in any condition of the female system. It brings refreshing sleep, and restores health and vigor. Tablets 60c.

If you eat the right foods, and not too much of them, the poisons in your system can be kept down and thrown out by taking a natural laxative, such as that composed of May-apple, juice of aloes, root of jalap, sugar-coated, and long sold by all druggists as Dr. Pierce's Pleasant Pellets. Get them to-day.—Adv.

**NERVOUS PROSTRATION**  
 May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves it.

West Philadelphia, Pa. — "During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my household and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, headache, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

**If Swift & Company Made No Profit**

The cattle raiser would receive only 1/8 cent a pound more for his cattle

So small is Swift & Company's profit on any single transaction that if it were turned over to the cattle raisers of the country, they would receive only 1/8 cent a pound more for cattle than they receive now.

Swift & Company pays for live cattle about 90% of the amount received for dressed meat and by-products. The remaining 10% pays for packing-house expense, freight to market, operation of distributing houses and profit. Swift & Company's actual figures per head for 1917 on over two million cattle were as follows:

Receipts		Payments		Profit
From By-products	\$24.00			\$1.29
From Meat	\$68.97	Paid for Live Cattle	\$84.45	2.40
	74%		91%	3.30
				2.56
<b>Total</b>	<b>\$93.06</b>	<b>Total</b>	<b>\$93.06</b>	

\* This net profit of \$1.29 per head averages 1/8 cent a pound live weight.

And out of this small net profit dividends must be paid to shareholders.
