LISTEN TO THIS!
SAYS CORNS LIFT
RIGHT OUT NOW

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callous stops soreness at once and soon the corn or hardened callous loosens so it can be lifted out, root and all, without pain.
A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callous. This should be tried as it is inexpensive and is said not to irritate the surrounding skin.
If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.—Adv.

Shakespeare Up To Date.
An American lady at Stratford-on-Avon showed even more than the usual American fervor for everything Shakespearean she came across. She had not recovered when she reached the railway station, for she remarked to a friend as they walked on the platform: "To think that it was from this very platform the immortal bard would depart whenever he journeyed to town!"—Tit-Bits.

Woman's Way.
"What will women do when they get the ballot?"
"I suppose the idea is to do some political housecleaning."—Louisville Courier-Journal.

A Warning.
"If you find your master in a ruminating condition, don't go near him."
"Why, sir? Is it ketchin'?"—Exchange.

WANTED—MEN and WOMEN—In honorable enterprise; good pay. Send stamp and reference in first letter. Baggs & Barnes, Waveland, Ark.

Sore Eyes
Granulated Eyelids, Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by **Murloe Eye Remedy**. No Smarting, just Eye Comfort. At Druggists or by mail 50c per Bottle. **Murloe Eye Remedy** in Tubes 25c. For Book of the Eye **TREB** ask **Murloe Eye Remedy Co., Chicago**

STATE NEWS IN BRIEF.

A total of \$2156.53 was spent in Mayor Harley's campaign for the governorship, according to a statement filed with Secretary Olcott.

The Eugene chapter of the Red Cross has announced that it will publish the names of all persons financially able to give to the cause, who flatly refused to make subscriptions.

The machinery of the Guy Roberts sawmill at Monroe has been shipped to Toledo and will be installed in a new mill to be erected by Mr. Roberts on a tract of tideland. The mill will have a cutting capacity of 50,000 feet daily.

R. G. Woodward, of Hill City, Kan., arrived in Baker, Monday to visit his brother, M. R. Woodward, a mining man. This is the first time the brothers have met in 36 years since M. R. Woodward left Hill City to come west in 1882.

Union county's retailers and flour dealers meeting in special session recently at La Grande, volunteered to totally abstain from the use of wheat products until after the harvest. The resolution passed unanimously and the representation was extensive.

Military training will be a part of the course at the Medford high school next year. This move was decided on by the school board, when Melvin Ellestad, who has been acting as manual training instructor, was engaged as instructor in manual training and military training for the next school year.

The state lime venture is temporarily dead. At a special meeting of the state lime board, to be held soon, it is expected that the board will order all machinery at the Gold Hill lime plant closed up, the plant locked and shut down and a guard placed over it, pending such time as further funds are forthcoming.

Wages for ranch hands during the haying season in the west end of Umatilla county, where work has already commenced on the harvest of the first crop of alfalfa, will be \$3 for teamsters and \$4 for stackers, according to an agreement reached among the farmers of the district at a meeting held at Echo Saturday.

Plans are now being made by the business men of Klamath Falls for a celebration on July 4. No great outlay will be made, but some outside attractions will be secured if possible for the city and country residents surrounding. An effort has been made to secure the Juvenile brass band at Grants Pass for this occasion.

Grocers of Umatilla county may form an organization on the lines recently formed by the grocers of Pendleton for the purpose of obtaining uniform rulings on the food regulations during the war. Invitations have been sent to all grocers in the county by the officers of the Pendleton organization, asking them to unite in the new county-wide plan.

The Eugene city council, in accordance with the state-wide plan decided upon at a recent meeting in Portland, Friday night passed an ordinance providing that all able-bodied men must work at some useful occupation 36 hours each week, regardless of their financial circumstances. A fine of not to exceed \$100 is provided as a penalty for violations of the ordinance.

Resources of Portland banks increased \$15,495,947.17 since May 1, 1917, and \$8,605,061.21 since March 4, 1918, according to a statement prepared by Superintendent of Banks Bennett Saturday. The total resources as of May 10, this year, were \$126,275,233.18. Savings deposits increased \$4,541,609.61 and time certificates of deposit decreased \$1,971,657.47 since May 1, 1917. Loans and discounts showed an increase of \$5,125,406.73 since a year ago.

It has now become settled that Molalla is to be the site for the new factory of the Molalla Fire Clay company, work on the erection of which will be started at once. Citizens of Molalla have raised the money for the purchase of a 27-acre tract located between the Southern Pacific and the Willamette Valley Southern railways. Dishes will be the first articles manufactured, although it is the plan to manufacture other lines later. The clay mine is located seven miles south of Molalla and auto trucks will be used to convey the clay to the factory. This will be the only factory of its kind west of the Mississippi river.

A. J. Johnson, of Corvallis, was in Toledo Saturday en route to his spruce sawmill on the Lower Siletz at Millport. Mr. Johnson says his mill has cut and shipped 11 cargoes of airplane spruce to Vancouver since it began operation, a short time ago. He is in need of more boats, as the spruce lumber on hand is greater than the present transportation facilities can handle. It is the opinion that Mr. Johnson has sent out more spruce airplane stock than all other agencies combined since the drive started in this country.

MILLS FACING CRISIS

Must Grind Stock Feed or Shut Down, Ultimatum Presented to Heads of Agricultural Bureau.

Either Northwestern mills must be permitted to grind wheat and supply stock feed for Northwestern farmers or the latter will be forced to sell their cattle and hogs and go out of that industry. That ultimatum was presented at the agricultural bureau at its meeting in Spokane Wednesday by John H. Roberts, chairman of the special committee that is investigating the situation.

The bureau will busy itself at once bringing pressure to bear on the grain and milling division authorities at Washington, D. C., for relief. It is declared that Northwestern wheat is being shipped into the Middle West for grinding, depriving the Northwest of the stock feed. It is further contended that the Middle West has corn for stock feed and does not require Western millfeed, which is vitally needed here. Many Northwestern mills are already shutting down because they have ground the maximum allowed them.

R. R. Rogers, chairman of the farm labor committee, announced that a special session would be held at Davenport's hotel to investigate the plan to use boys of the United States working boys' reserve.

R. Insinger, chairman of the bureau, read a letter from Max H. Houser, government grain buyer, Portland, in which he announced that the government was shipping 4,000,000 grain sacks from Calcutta, India, to a Pacific port to relieve the situation in the West. It is estimated that 5,000,000 sacks will be needed in the Northwest.

Forest's Wealth Vast.

R. L. Fromme, forest supervisor of the Olympic National Forest, which contains more marketable spruce timber than any other national forest in the country, arrived in the Portland district headquarters Wednesday to report on conditions there. In the Olympic Forest, which covers 1,500,000 acres of territory, is more than 33,000,000,000 feet of timber.

In the Lake Quinault region five sawmills are already cutting spruce for government use and more mills are expected to locate there. The sales to these mills are made on condition that the lumber be cut on the ground. So far the sales of timber have averaged from 1,000,000 to 4,000,000 feet.

NORTHWEST MARKET REPORT

Wheat—Bulk basis for No. 1 grade: Hard white, \$2.05. Soft white, \$2.03. White club, \$2.01. Red Walla, \$1.98. No. 2 grade, 3c less; No. 3 grade, 6c less. Other grades handled by sample.

A PRETTY FACE is the result of a healthy physical condition. "Beauty is but skin deep" yet it greatly depends on a clear complexion, free from wrinkles and hollow cheeks.
Health always brings wealth of beauty. A healthy state of the system comes with Doctor Pierce's Favorite Prescription. It's a medicine prepared for woman's ailments—it cures those derangements and weaknesses which make woman's life miserable.

You can overcome most bodily ills, escape sickness, build up your health with regular hours, plenty of water, sensible food, and a chance to get the poison out of the system. Take a natural laxative once or twice weekly. Such a one is made of May-apple, juice of aloe, and root of jalap, sugar-coated and supplied to all druggists years ago by Doctor Pierce and known as Doctor Pierce's Pleasant Pellets. Get them to-day!—Adv.

Polite Repartee.
Stupid Maid—Mrs. Juggins says she ain't home, ma'am.
Clever Caller—All right; tell her I was awfully afraid she would be.—Baltimore American.
Couldn't Miss Them.
"Did you observe all the meatless and wheatless days?"
"Observe them! They have been forced on my attention."—Washington Star.
Impervious.
"The language you use to that mule is perfectly shocking."
"Yes," replied the driver. "It seems to get a rise out of everybody but the mule."—Washington Star.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, back-ache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.
