Mr. and Mrs. Vic Learned, Elmer Bailey and Elma Johnson were over from Fort Columbia for a Sunday with the home folks.

Mr. and Mrs. Chas. Morgan and daughter and his brother from Yamhill, Oregon, are visiting with the Messner families this week.

When in Tillamook and want good eats and splendid service give the Louvre your patronage. Meals and lunches at any hour.

Roland McGinnis accompanied by his mother and Miss Laura Meyer autoed to Portland Sunday for a few days visit. Roland leaves the first of next week to join the colors.

Mr. and Mrs. L. M. Kraner, Harry Kraner, Irene Stiverson and daughter Arlene made a trip to Fort Columbia, leaving here Saturday and returning Wednesday evening.

All patriotic mothers are requested to bring children under five years of age to the Red Cross rooms for physical examination next Saturday. This is a nation-wide movement for better babies.

It is reported that the fishermen made some good catches on the bay Monday night, the high boat making a little over \$150. The rest of the boats averaged about \$100 each. Set net fishing proved a losing game.

When you have an hour or two to spare go to the Red Cross rooms and sort moss. There is great need of this moss and you can't spend your spare time in a better cause. The rooms will be open every afternoon and evening.

H. B. Lockwood has bought a ranch near Vancouver. Mr. Lockwood and son John were in the first of the week to close up his business affairs here and to ship his household goods. We regret to lose these good people from Cloverdale.

The new barn Chas. Smith is having built on his ranch will be one among the many fine ones in the south part of the county when completed. The roof is being shingled and Mr. Smith's crop of hay this season will be placed in his barn.

Rev. J. A. McVeigh is with his Cloverdale friends this week. He preached two good sermons last Sunday and next Sunday will preach morning and evening. Monday he leaves for the Synod at Eugene, and from that place will return to his charge at Coquille.

If the young people in and around Cloverdale wish to render a service to their country they can do so by spending their spare time at the Red Cross rooms helping to sort moss. Combine pleasure and duty and make this work popular for the need is great.

A Sunday school rally for the south end of the county will be held in Cloverdale the first Sunday in August. It will be an all-day session, with a picnic dinner. All of the Sunday schools are invited to come and take part. A good program will be arranged. Each school is asked to prepare one number. The county superintendent, Mrs. Edwards, of Tillamook, expects to be present. Come and bring your lunch.

Several auto loads of people from Cloverdale went to Sandlake Sunday on a moss gathering expedition. Mr. Traxler took a truck load of people and brought back the moss. Parties from Tillamook and Beaver also took part. A long table was spread and the picnic dinner much enjoyed. Mr. Lantz, the Tillamook photographer, was in the party and took photos of the crowd. A large quantity of moss was gathered for each of the societies.

**Home Guard Organization.**  
Sheriff Campbell, accompanied by Mr. Eberhardt and Mr. King, of Tillamook, were in Cloverdale Tuesday evening to assist in organizing a home guard company. Several signed up and a meeting will be held Tuesday night, when the organization will be perfected and a captain elected.

**Chautauqua All Week.**  
Commencing Monday and continuing the entire week Tillamook will be celebrating with a Chautauqua. The Courier contains much advertising this week in the interest of the Chautauqua. No amusement feature has ever been instituted that has given the people enjoyment and education as has the circuit of Chautauquas. Remember it starts Monday afternoon and continues until Saturday afternoon. Programs can be had at the Courier office.

**Brush Side of Highways.**  
Wherever brush grows along the side of highways at curves and road intersections danger lurks. Cutting away this brush may prevent an accident and it should be done before someone is hurt. The narrow road up the Jenck hill has a rank growth of fern along side the road and it is practically impossible for automobiles to pass because to get out of the beaten path is more than one wishes to chance for fear of reaching out too far and going over the bank.

**Dynamite, What? Yes!**  
A box partly filled with dynamite and a box of dynamite caps carelessly left in an unoccupied building on the Three Rivers road caused a little anxious inquiry last week before the whys and wherefores were known.

Joe Wilson owns property on the Three Rivers road and while looking through an old barn on the place discovered the dynamite and immediately reported it to Deputy Sheriff Burke who proceeded to the place and took charge of the explosives.

It was learned later that the dynamite had been left there by workman who constructed the Hebo water system and were using dynamite to do some blasting.

**Encouraging.**  
It is reported that arrangements are perfecting for immediate work of hard surfacing the road in Yamhill county out from the Sour Grass. We hope this report is true and that those who live in Tillamook county may have a road to the valley that can be traveled in winter as well as in summer.

**COMMUNITY SINGING AT CHAUTAUQUA**  
Singing Together Unifies Communities.  
"Let the Nation sing and it will become united and victorious." The "Community Sing" idea, which is to be featured at Chautauqua on the fifth day, has been spreading throughout America in ever-widening circles since the outbreak of the war. The "Community Sing" stimulates a feeling of solidarity. An entire community lift-

ing its voice in song strikes a note for harmony of understanding and mutual good will. The communities that will sing together will learn to act together, and in war time, more than any other, we need this unification of our people. Mr. and Mrs. Elchhorn have unusual talent and ability as "Community Sing" leaders. They have been in the work for years and stand at the top of their profession.

**The New GRANT SIX**  
**Now Coming**  
This is the largest and finest car that ever carried the GRANT SIX name plate—a car that is without real competition in its Price class.  
The individual beauty of its lines, its unusual size and its extraordinary mechanical refinement, will make this new model one of the most talked of cars of the coming season.  
Its powerful, flexible and remarkably smooth-running engine is of the overhead valve type with balanced crankshaft, forced-feed oiling, and many other advanced features.
