An interesting relic of Charlotte Bronte, the novelist, has been presented to the museum at Haworth, England. It is a traveling trunk used by Charlotte Bronte. Inside is a label giving the maker's name and address in Brussels, and there is little doubt the trunk accompanied Charlotte on her journeys between Monsieur Heger's Pensionnat in the Rue d'Isabelle in that city, and her home at the Haworth rectory.

••••• STATE NEWS IN BRIEF.

****************** F. B. Tichenor, who received the democratic nomination for representative in the legislature from Multnomah county, has written to Secretary of State Olcott declining to accept the nomination.

Work on five miles of bituminous paving on the Tillamook-Yamhill-Nestucca road in Tillamook county and on a 10-mile stretch between Astoria and Svensen has been resumed, the state highway department reports.

R. R. Bartlett, manager of the Port of Astoria, has sent a request to the public service commission for the placing of a chief deputy grain inspector, three samplers and three or four weighers at that point during the coming grain season.

Ten out of 11 nurses at the Salem hospital failed to return to their duties Saturday morning after they had protested to Miss Lillian McNary, superintendent of the institution, that they were being overworked and that their hours were too long.

An information was filed in the Astoria justice court Saturday charging the master of the purse seining craft President Lincoln III with malicious destruction of personal property. The defendant is accused of running over and destroying a gillnet belonging to Albert J. Slather.

Clackamas county has no men in either classes 2, 3 or 4, who want to enlist for service in the spruce production division of the signal corps. Such is the conclusion of the selective service board after holding a call open for 15 days for volunteers in this branch of the army.

With a view to diverting every possible pound of traffic from rail to water lines between Portland and Astoria, of the Cascade mountains, about 70 Colonel George A. Zinn, of the governmiles north of Jacksonville, Or., this ment engineers at Portland, has asked lake, which is about 15 miles long and the public service commission for all four miles wide, is so deep that its the data available as to rail and water depth cannot be measured. It is situtransportation between these two points.

How extensive government control will be over small telephone lines, such as mutual companies, is a question which will come before the public service commission soon, said commissioner Buchtel recently. So far as is known the extent to which the government contemplates handling the small lines is still undetermined.

C. S. Benson, of Bend, has been named attorney for the state land board, to succeed Vernon A. Forbes, who was drowned recently in Crescent lake. Secretary Olcott voted for W. T. to enter military service.

'Coos county's second July quota of 81 men left Marshfield Monday morning for Vancouver. A gala farewell was given as the Coos Bay Limited left. Some of the men are in other parts of the state, working in shipvards, but all have been notified of their selection.

Harvesting of the cherry crop for 1918 is nearly completed. The Sheridan district has yielded the largest crop of Bings, Royal Anns and other varieties in years. The cannery at Sheridan is running to capacity. The employes are nearly all women. It has canned more than five carloads of cherries, loganberries and other small fruits.
