DRAFT LIMITS TO EXTEND

Ages From 18 to 45 Inclusive Decided Upon—Effects 13,000,000.

Washington, D. C.—Under the provisions of the draft bill introduced in congress Monday increases in registrations are estimated as follows in northwestern states:

Oregon, 101,110; Washington, 174,267; Idaho, 66,570.

The new man-power bill which would extend draft age limits to 18 and 45, inclusive, was introduced in both houses of congress.

Provost Marshal-General Crowder urged the immediate enactment of the administration's man-power programme and suggested September 5 as registration day for the 13,000,000 men between the ages of 18 and 45, whose names are not already on the nation's selective service list.

Unless immediate steps are taken to provide additional men, General Crowder said the weekly registration of men as they attain 21 years of age will be necessary to fill the draft quotas September 1, when only 100,000 of the 1918 registrants will be available.

The bill would amend the present selective act so as to require the registration of all men between 18 and 20 years and 32 and 45 years inclusive. While the whole number of men in the latter classes would total 10,028,973, General Crowder estimates the total number who would be eligible for class 1 would be only 601,236, owing to exemptions for dependents for industrial and physical reasons.

Between 18 and 20 years, his estimates show that 3,171,771 would register, while 1,787,609 men would be eligible for class 1.

CASUALTIES FROM MARNE ARRIVING

Washington, D. C.—Names of American soldiers who have fallen in the great Franco-American drive which turned the German offensive on the Marne into an utter defeat have begun to come in from overseas. They swelled to 706 the total casualties made public Tuesday by the war department in two separate lists.

Although nearly three times as great as the largest number heretofore announced in a single day, the total represented only a part of the lists which have been accumulating since the great battle began July 15. It is not to be assumed that it represents the losses for one day.

No estimate of the American casualties in this continuous fighting has been received from General Pershing and it was said authoritatively that none is expected.

In that connection, Acting Secretary of War Crowell deprecated any guesses as to casualties in the overseas forces, saying that publication which would exaggerate or minimize the total would create unnecessary anxiety among the relatives and friends of American soldiers.

Acting Secretary Crowell told newspaper correspondents that General Pershing would simply complete and verify casualty lists as rapidly as they can be transmitted and that they would be given to the press and speak for themselves as to numbers.

Of the American soldiers wounded in the Marne-Aisne offensive, probably less than one in 20 will die from their wounds, more than four-fifths will be returned to service and only 14 per cent will be discharged for disability, according to a statement of the chief of staff based upon the officially attested experience of the allies during the four years of war.

GERMANS TORPEDO HOSPITAL VESSEL

A British Port.—The torpedoing early Sunday morning of the British ship Warilda was one of the most harrowing disasters in the history of submarine warfare. The number of dead is variously estimated from 105 to 130 and upward and includes several women nurses.

The ship carried 600 sick and wounded. Among them were seven Americans—two officers and five enlisted men—all of whom have been accounted for.

More than 650 survivors, brought here shortly after 6 o'clock, were given first-aid treatment, food and clothing. The patients were placed aboard special trains and sent to hospitals.

The torpedo struck the after part of the engine-room, killing the third engineer and two other members of the engine-room force. The dynamo was destroyed, plunging the vessel into darkness.

Just over the dynamo was the wardroom, which contained more than 100 patients. Most of these were killed outright by the explosion, and the others, many of whom had been freshly injured by the torpedo, found themselves trapped.

Three Aviators Rescued.

An Atlantic Port.—Towing astern a hydro-airplane and carrying three American aviators who were picked up 25 miles off this coast, a British freight steamship arrived here from Liverpool. The aviators had been in the water three hours, having been forced to descend because of engine trouble. They were unhurt.

Ancient "Breadfather."

Of what great importance the loaf, which before 1200 was the name of bread, was a daily food can be inferred from its relation with the word "lord." For lord, A. S. hlaford (hlaf, bread, loaf; weard, a keeper), is probably a contraction of hlaf-weard, literally "loaf-ward" and therefore, originally signified the keeper or dispenser of bread—in short, the breadfather, to whom the members of the family had to apply for their daily bread.

With the Fingers! Says Corns Lift Out Without Any Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw, or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any wholesale drug house for you—Adv.

WHEN IT LOOKS DARK to any weak or ailing woman,

Dr. Pierce's Favorite Prescription comes to her help. For "female complaints," pains, inflammation, or ulceration, bearing down sensations, and all chronic weaknesses and derangements, this is the proven remedy. It's the only one so sure that it can be guaranteed. "Favorite Prescription" will benefit or cure, in the case of every tired and afflicted woman.

An easily procured vegetable pill is made up of May-apple, the dried juice of the leaves of aloes, and the root of jalap, made into a tiny pellet and coated with sugar. It was first put into ready-to-use form by Dr. Pierce nearly 50 years ago. Almost every drug store in this country sells these vegetable pellets in vials for 25c—simply ask for Dr. Pierce's Pleasant Pellets. They have Dr. R. V. Pierce stamp.—Adv.

To Remove Rusty Screws.

Apply a red-hot iron to the head of a rusty screw and hold till the iron cools a trifle. Immediately after removing the iron use the screw driver and the screw will turn easily.

Comfort Baby's Skin

When red, rough and itching with hot baths of Cuticura Soap and touches of Cuticura Ointment. This means sleep for baby and rest for mother. For free samples address, "Cuticura, Dept. X, Boston." At druggists and by mail. Soap 25, Ointment 25 and 50.—Adv.

Composition of Mica.

Mica, so named from its being easily divided into glistening scales, consists of silica and alumina, associated with magnesia, soda and lime in varying proportions. Thus there are potash mica, consisting of silica, alumina and potash, and magnesia mica, in which the alumina is partially replaced by magnesia, passing—as the proportion of magnesia increases—into soft talc, which is chiefly composed of silica and magnesia.

TO ALL WOMEN WHO ARE ILL

This Woman Recommends
Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it I have a fine healthy baby girl and have gained in health and strength. My husband and I both praise your medicine to all suffering women."

Mrs. JOHN KOPPELMANN, R. No. 1, McLean, Nebraska.

This famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has been restoring women of America to health for more than forty years and it will well pay any woman who suffers from displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues" to give this successful remedy a trial.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.
