15 ROUND MATCH CALLED OFF

"Jupiter Pluvius" Turns Sprit-
kling Can on Nose at All Day

Old Jupiter Pluvius made another appearance on the surface of July and prompted to damper the ener-
gy of the participants in the several celebrations. The largest portion of those celebrating in Eagle went to Halfway, though several other local boys learned to Baker to see the celebration there. Most of those who went to Halfway on Thursday and Fridays program report a good time but owing to the sudden appearance of an Elmore who were forced to take shelter on the outskirts of Halfway and enjoy a rather monotonous time of it, listening to the patter of the rain.

The celebrated round boxing match between Downing and Anderson was the main feature of the day. The programme was to have taken place at the Odd Fellows Hall but owing to the appearance of those few who were there asked for by Anderson's backers, whether this be true or not is more than can be said, in a kind of suspicion. Cupid came over Monday morning bearing another challenge from Anderson. Downing promptly got aboard and headed to Baker to see if this match could go through without interruption, if such be the case, the two men will likely clash, though, where is not known.

CARSON CELEBRATION

Carson had an old time cele-
bration on the fourth of July according to Cap. Craig who should know being as he was there. A big free dinner was spread in the church, the rain was the only thing that kept the guests from coming. Everything was free and every-
body enjoyed themselves. A celebration was held at Pine and at Lower Pine besides the main event in Halfway so that Pine Valley certainly had their share of celebrations.

The town from Cornucopia took a lot of interest in Baker but what depth they did not understand.

At the funeral of a well-known miner several a few days ago the minister instead of making the announcement that an "im-
portant" will now be given to view the remains," thought to make a change in the announcement and said: "An opportunity will now be given to pass around the bier." And quite a number of old fellows in the back part of the house wiped the sympathetic tears from their eyes, removed their coats of tobacco, spit out the window and sawed resulted.
