A CLOSE mouthed policy is what the men who recently viewed Eagle Valley for electric line purposes, used. It would be a great thing indeed, for Eagle Valley if an electric railroad came into the country and it is to be hoped that one will come from some place or other. While the Herald made a great fuss over the proposition, it is doubtful if they really knew more than anybody else and that was just about nothing. What we are doing now is* to patiently await further announcements.

A. W. Parker was over Sunday and assumed the instruction and leadership of the Eagle Valley Cornet Band. Which place he will likely occupy for some time. Mr Parker is a capable band instructor and will greatly help the band in their playing abilities, the one practice putting greater snap and life into the playing.

Keeping under cover is a good thing for a criminal to do but not for any one who has goods to sell. "Come out from under" and advertise in the NEWS.
