DEATH OF MRS. DESCH

Olive Cecelia Desch, wife of S. H. Desch, died very suddenly at 1:30 this (Thursday) morning, aged 44 years and 9 months.

She was apparently in good health up to 6 o'clock Wednesday evening when she complained of severe pains in the back of the neck; a physician was called and after a short time she fell asleep and never regained consciousness. A bursted blood vessel is supposed to have been the cause. From the first she seemed to feel that death was near and spoke of the fact that she was going to die.

She leaves besides the bereaved husband, a father, W. W. Wheeler at Glenn's Ferry, Idaho, a son, H. C. Desch of Portland, and two daughters, Mrs. C. J. Tubbs and Norma Desch.

The family have only been residents of the valley since last February, having come here from Boise, Idaho, and have the sympathy of the entire community.

The funeral will be held at the Methodist church Sunday afternoon, Rev. Frank Hopkins, officiating.

Money Raised for Mortgage.

The Methodist church of Richland have determined to pay off the church debt of \$1000, and that interest has taken on concrete form. Last week Thomas Siegel and John Fraser, Esq., two of the trustees, canvassed the valley soliciting funds, and succeeded in raising about \$500 in cash and subscriptions. Nearly everyone approached by the two men contributed something, thus portraying the liberality of the people of our community. The church has decided to pay at least half of the debt now, and the balance next year.

Frank B. Mitchell, Republican candidate for State Senator spoke at the Opera house Wednesday evening to a large crowd. He stated emphatically that he is against the \$1500 exemption and the 8 hour law.

MIGHT GET IN TROUBLE

The fact has been called to our attention that it is the habit of a few young boys of Richland to secure guns and go hunting in and around the valley. It is said they shoot at anything and everything in the way of game, in and out of season; in fact one of them was seen to shoot a Chinese pheasant recently. We understand very few of them carry a license and never ask permission of owners to hunt on the land. A number of residents are intending to report conditions to proper authorities unless this is stopped. However, we believe the boys do not wish to break the game laws intentionally, but do so through thoughtlessness, and hope they are all "good sports" enough to listen to a word of warning from "a friend of the boys."

J. N. Holcomb raised more than 300 tons of tomatoes and over 25 tons of beans on 20 acres the past season.

Listen, Brother Voter!

There are 800,000 ministers in the United States! It is not very wonderful then, if the Liquor Traffic can find a half dozen "dead dogs" in this vast list of ministers who will dance to the music of hell's dum dum—by the fiz of beer. You saw the list in the advertisement put out by that farce organization which calls itself by the self styled name of "The Wage Earners and Tax Payers League"! How do you like that list of ministers?—who dance to hell's music and are in partnership with the Devil! No true minister of Jesus Christ is in league or favor whatsoever, with the Liquor Traffic. There are a "few" Wolves in Sheep's Clothing who dance to the music of This Hell's Siren Song, but no true Minister does it. I'll bet my bottom dollar—so to speak—that every one of the "Pet Darling" Preachers and Priests whose names appeared in that list (if the list is true) are Booze Drinkers! But it is very doubtful if this is a true list, as the Liquor Gang can't be trusted two inches! They are accustomed to do anything and say anything to carry their point! But partner, when you see or hear of a Dog of a Preacher barking for Hell's Monster, the Liquor Traffic, just drop him quick, for he is one of the Devil's Boxtoons as sure as the World, and that's all There Is To It.

Frank Hopkins.
