UNLESS all signs fail, the farmers of America are going to be the favored ones in the European war. Wheat continues to be sought for export at from \$1.15 to \$1.17 1/2; corn, oats and other grains are affected similarly. The demand is so great that shipping facilities on the seaboard are not adequate to get the grain to Europe fast enough. On top of this, the home market will undoubtedly be good as a sympathetic reaction.

BOILS. Did you ever have 'em? Pleasant company, ain't they? They're sometimes called "Jobe's comforters," but we fail to find any comfort in or from them. We've had boils, but that isn't what's worrying us now—it's the one we've got at present. It's not a nice, genteel boil, but an ornery, measly, bucking outlaw of a boil and in consequence we've been eating our meals in an erect position for several days past. If you wish to kick the editor please wait a few day, as we are very particular about our "pet."

Deafness Cannot Be Cured

by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and to this tube restored its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Xmas Gifts For Europe.

A special baggage car left Portland Tuesday evening to gather contributions from the different cities along the line for the suffering children of Europe. It reached Baker Wednesday morning where a large offering of clothes and Xmas gifts were loaded. The car is routed to New York City where the goods will be placed on board a government vessel, scheduled to teach Europe in time to make Santa Claus a reality to numbers of little tots whose fathers are on the battle field.

To the Dry Voters of Richland.

Next Tuesday is to be settled by your vote and mine whether we shall have Saloons in the town of Richland or not. Do you want Saloons in Richland? Do you wish to raise up "schools" to make your sons, brothers, husbands, fathers, drunkards? I say "school," for that is precisely what a Saloon is—a school to make drunkards and an incubator to hatch them out. The Saloon is a doorway to hell! Do we need a doorway to hell opened in Richland? Are you concerned about it? We believe you are. We believe every dry voter in Richland will be early at the polls. The "wets" will be there—you bet your bottom dollar. They won't leave a chip unturned in their efforts to make Richland wet. Every wet will be at the polls! Shall we not be as wise as they are! You Bet. We Will! We (The Drys) Will be at the Polls Too. Richland Shall Not Go Wet?—Not if Our Votes Cut any ice? We Are Going To Vote Richland Dry! And We Are Going a Thousand Steps Further—We Are Going to Vote "332 X Yes" For State Wide Prohibition!
