RICHLAND, ORE., THURSDAY, DEC. 21, 1914, VOL. 3, NO. 6

To EVERYONE we wish a Merry Christmas.

WE HAVE sewed up the hole in our trouser's pocket, and are now in shape to accept your money on subscription.

WHEN a man tells you he don't care to take the home paper "because I don't read much," you will find that he always borrows all the papers he can get hold of.

A GOOD way to help hold down expenses at the coming session of the legislature would be for that body to pass resolutions limiting the number of bills that any member could introduce, to five.

THE fact that a representative of the Pine Valley Herald was in town Saturday night and made some pointed quires regarding the "watch contest" New Year's eve, leads us to believe there may be a "dark horse" entered at the last moment.

WE ARE told that some fellows in a nearby town caught a jack rabbit and gave it a drink of the "booze" sold in that place. On turning the animal loose it hopped up to a bulldog and spat in its face. It is thought the dog will recover.

A BIG campaign is on to create the office of public defender in all cities and counties. Now if a citizen is indicted or accused of violating the laws and has no means the court appoints a lawyer to defend. This practice is sometimes abused by the accused receiving only formal or indifferent defence.

NOTWITHSTANDING the unfavorable conditions which have existed for the past two years, both in this country and abroad, the settling up of the hitherto unpeopled lands in Oregon has gone on steadily, although perhaps not as rapidly as during previous years when the railroads made a strong point of their home-seekers excursions each recurring Spring and Fall.

SO MANY dairymen have shown their interest in the O. A. C. Short Course that arrangements have been made whereby those in attendance may receive instruction in every phase of practical dairy management. There will be special lectures on management of the herd, diseases of dairy cattle, dairy cattle judging, dairy rations and feeding, silage and silage making, and methods of building up the herd by selecting the most profitable cows and breeding them to suitable pure bred sires. Cream testing, dairy farm equipment, and methods of manufacturing dairy products on the farm will be explained and demonstrated. Dr. Lytle, state veterinarian, will assist the college staff in the work dealing with diseases of dairy cattle.

EX-GOVERNOR FRANCIS once said the following of newspapers: "Each year the local paper gives from \$500 to \$1,000 in free lines to the community in which it is located. No other agency can or will do this. The editor, in proportion to his means, does more for his town than any other ten men, and in all fairness he ought to be supported—not because you like him or admire his writings, but because the local paper is the best investment a community can make. It may not be brilliantly edited or crowded with thought, but financially it is of more benefit to the community, than the preacher or teacher. Understand me, I do not mean mentally and yet on moral questions you will find most of the papers on the right side. Today the editor of the local papers do the most for the least money of any people on earth."

Will someone please return to Capt. Craig, a Colt's old style revolver and holster. There seems to be an opinion prevalent that I have this weapon, which is an entirely wrong impression, therefore I take this method of securing the weapon for the Captain. (Pd ad Wm. L. Flower.

Watch party and oyster supper at the K. P. hall on New Year's eve.

Catarrh Cannot Be Cured with Local Applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

WHEN luck is dead against you and everything looks black, it does no good to falter or turn upon your track; it does no good bewailing the errors you have made, or counting all the byways in which your feet have strayed; it does no good insisting that others were at fault, for he who blames his comrades is hardly worth his salt; and weeping never helps you, or makes the way less rough, for tears are only water, and water's washy stuff. Brace up, O weary pilgrim, brace up and be a man! Though fortune sorely swats you, do still the best you can. Dame Fortune often tests us, to see how high we stack and if she sees us weeping, or turning on the track, she sadly says: "These pilgrims are bargain-counter goods, it's not worth while to show them the pathway from the woods!" So do not weep or languish when life seems void of hope, for tears are only water, and water's flimsy dope. —Walt Mason.

IMPORTANT EVENTS
