The Best Recommendation

The strongest recommendation any article may receive is a favorable word from the user. It is the recommendations of those who have used it that makes Chamberlain's Cough Remedy so popular. Monday, Feb. 19th, marked the 53rd anniversary of the founding of the Knights of Pythias lodge and the occasion was celebrated in more or less grand style in every country throughout the world where this organization has membership. As Irvine Lodge No. 86 enjoys the distinction of being the strongest lodge in any community of like size in Oregon, the occasion was fittingly celebrated by a program and banquet at the castle hall. More than 150 persons enjoyed the occasion, which had a tendency to bring the members, their families and invited friends into closer fellowship.

E. V. H. Lose Game.

The basket ball game last Thursday evening drew a big crowd, and there is no question but that all got their money's worth in good clean amusement. The practice game between the girls was full of interest and resulted in a score of 7 to 3 in favor of the Blacks, while the game between the Eastern Champions of Union and E. V. H. S. was one of the hardest fought battles our boys have ever been in.

Outclassed on every point the home team did exceedingly well to hold the score, which was 75 to 15, as close as they did, and there was certainly nothing to warrant disgrace in their defeat. The visiting team have been playing together for about six years and have team-work and signals down to a science, but acknowledged that Eagle Valley had a team well to be proud of and that with a little more practice and coaching they would be able to acquit themselves creditably in a game with any team in Baker county.

SOME call these face-stuffers hogs, some call them gophers. But they are getting scarcer and scarcer since gentlemen found out about W-B CUT Chewing. There is no excuse for a man making a monkey of himself today. The fine rich tobacco flavor was put into W-B by nature, the touch of salt brings it out nice and tranquil like, without your worrying your jaw around continually. W-B is getting to be pretty nearly as popular as sunshine these happy days.
