Here are the Two Toughest Guys in Town

They are brothers, "Chi-Namel" wood finish being the older and better known of the two. "Chi-Namel" linoleum finish the younger.

Both are tough characters and will stand any amount of rough handling. Hit them with a hammer, they will not chip; throw hot or cold water on them, it will not injure them in any way.

The next time you have any refinishing or new work around the house try "Chi-Namel" wood finishes; comes in all colors; and by all means don't forget to refinish that old linoleum with "Chi-Namel" linoleum finish.
