- 1286 Patterson, J W

(Continued on last page)

RICHLAND HAS A BLAZE

A fire of mysterious origin yesterday noon destroyed the barn on the George Evans property in Richland, and for a time threatened the barn and garage of Eli Chandler's. Only for the prompt response to the fire alarm and the heroic work of volunteers, the result would have been far more disastrous. Had there been any wind the loss would have reached many thousands instead of a few hundreds of dollars.

The Evans' house has been vacant for some time but John Graven had a lot of things stored in the barn and says there has been evidence of children using the place for a play house, so it is presumed the fire might have been started by small boys.

While the antiquated hand pump answered the purpose on this occasion, the need of adequate fire protection was most forcibly brought to the attention of our citizens and a meeting of the town council was held last evening and immediate steps will be taken to secure a right of way for a pipe line.

All able bodied men of Richland and vicinity are requested to be at the town hall next Tuesday night for the purpose of organizing a volunteer hose company.

The Bank and the Church

There are many advantages derived from a bank account, but here is one we wonder if you have ever thought of: It helps the community in which you live.

A community without a church and a bank doesn't amount to much. The absence of the one indicates poor morals, and the absence of the other indicates poor morals. Everybody owes it to the community to patronize these two institutions. By helping them you help yourself. In order to help support the church you must have funds and by supporting the bank you are sure to have the funds. The ability of both to help the community depends upon the loyalty of all.

\$5.00 Reward

Ralph Guyer was in town Monday and tied the mare he rode back of Jones' blacksmith shop. When ready to start home late in the evening, Ralph found the animal gone and was unable to locate it until Tuesday morning when it was found at the Densley corral, all covered with sweat and showing all evidences of having been hard ridden. The mare belongs to George Guyer, who will pay a reward of \$5 for the name of the party who took the animal Monday night. Every man in the community should be on the watch for the guilty party, for a person who would thus take an animal and abuse it would not hesitate on committing a greater crime.

Plans have been perfected for the erection of a new Christian church building in Richland. The structure will cost around \$4,500 when completed.

THE FIRST TO LEAVE

Railway congestion and incomplete cantonment camps caused many changes in the mobilization plans. Only five per cent of the first draft will be called Sept. 5; 40 per cent will go on Sept. 19, 40 per cent on Oct. 3, and the remaining 15 per cent soon after.

The first five per cent of the county's quota to the draft will include the following men:

George Long, Murphy, Idaho
Milton R. Johnson,
Mark A. Houston, Robinette,
Ernest J. A. Erickson, Weatherby.

The first two named were automatically drafted by their failure to appear for examination in answer to the notice mailed by the exemption board. Of the man Long we know nothing, but Milton R. Johnson was a member of the National Stock Co. that was touring this section in June. If located these two men will be subject to a heavy penalty. Thus it appears that the two latter named men will be the first to leave from Baker county.

A notice has been sent to the men to be in readiness to report at Baker within 24 hours notice, and they are placed under military authority. Should any man fail to appear on the date for enrollment, probably Sept. 5, he will be classed as a deserter and will be punished accordingly.

Several appeals from the decision of the local board on claims for exemption or discharge have been filed with the district board at La Grande, and should any of them be granted it will of course make a difference in the list of those going in the first draft.

The heads of actually dependent families will not have to go in the first draft, is the latest report from Washington.

Ladies, we invite you to come in and look over our new dress goods and silk waistings. We are sure they will meet with your approval. We want you to see them, so don't fail to call.
