We would like to have letters published from our home boys serving in the different branches of Uncle Sam's service. We may not be able to print same verbatim on account of the censorship placed on newspapers by the authorities, but no doubt can print that which will interest our readers.

The other day we read a story to the effect that cows give more milk if they listen to music the while. We asked Major Kirk for a scientific explanation of this and he said: "The music excites the cow emotionally; she loses her prudence and is unable to hold back her milk; she gives herself as it were, udderly."
