### An Appeal for Help

The annual Thanksgiving appeal made by the Boys' and Girls' Aid Society of Oregon to the school children and citizens of the state has always met with enthusiastic response throughout the state. It is to be hoped that a similar appeal for food supplies and money will not go unheeded in spite of the many duties and economies which the war incurs.

The Society is asking for \$15,000 as well as donations of canned fruit and vegetables. Such supplies will be shipped free of charge by the railroad companies to the organization until December 31, so it would seem that a large lot of apples, potatoes, etc., could easily be sent from here.

### Notice to Sheep Owners

No grazing or trespassing is permitted on the S 1-2 SE 1-4, NW 1-4 SE 1-4, S 1-2 SW 1-4, NE 1-4 SW 1-4, SE 1-4 NW 1-4, Sec. 7, Tp. 9 S, Range 45 East. Any and all violators will be punished as the law provides. Take warning. H. P. Lambert.—ad24

A small blaze at the McArthur residence created a lot of excitement shortly afternoon Sunday. The fire, which evidently started from a spark from a defective flue, was discovered and extinguished before any great damage resulted. Had the fire got beyond control the greater portion of our town would have been wiped off the map.

YOUR GRANDFATHER WAS A YOUNGSTER, WHEN PEYTON GRAVELY MADE THE FIRST PLUG OF TOBACCO THAT EVER WAS MADE.

THERE MUST BE SOMETHING BACK OF A REPUTATION THAT LIVES AND LASTS LIKE THAT.

### GRAVELY'S CELEBRATED Chewing Plug

BEFORE THE INVENTION OF OUR PATENT AIR-PROOF POUCH GRAVELY PLUG TOBACCO MADE STRICTLY FOR ITS CHEWING QUALITY WOULD NOT KEEP FRESH IN THIS SECTION. NOW THE PATENT POUCH KEEPS IT FRESH AND CLEAN AND GOOD. A LITTLE CHEW OF GRAVELY IS ENOUGH AND LASTS LONGER THAN A BIG CHEW OF ORDINARY PLUG.

### Meeting a Success

A large audience was present at the opera house Monday evening to hear the lecture delivered by Miss May Murphy, Emergency Home Demonstration Agent. Although the hall was uncomfortably cold, not a person left the room from the time the speaker took the floor until the meeting closed.

Miss Murphy is a lady of most pleasing personality, deeply interested in her work, and held the attention of the audience at all times, and that her address on the need and manner of conserving food stuffs will result in much good no one present will deny.

Through the kindness of the faculty and students of the high school and a few others, a short musical program was rendered at the opening of the meeting.

### School Entertainment.

On Wednesday evening, Nov. 28th, the pupils of the advanced grammar and intermediate grades will give an entertainment at the opera house under the supervision of Misses Halley and Dickie.

The program will include two plays: "The Magic Curtain of the Past," and "Rip Van Winkle;" a pantomime, "Coming Through the Rye;" drills, motion songs and music, after which Thanksgiving eats, consisting of pumpkin pie, hot weinies, buns, sandwiches and coffee, will be served at reasonable prices. Net proceeds go to the benefit of the Richland schools.

Admission 25c and 15c.

Wm. Patterson leased his land on Daly Creek and left Tuesday for Geddes, So. Dak., where he will stay at the home of his sister whose husband recently died. As "Bill" expects to be gone several months he subscribed for the News so as to be kept posted on home happenings.

For Thanksgiving we will have oranges, bananas, lemons, cranberries, sweet potatoes, celery, nuts, oysters, salad dressing, canned corn, beans, tomatoes, etc., pickles, olives, etc. (ad) Saunders Bro's.

## Are You Eating To Win the War?

This Newspaper recommends  
Today's Housewife to every patriotic woman  
who wishes to help win the great war

Today's Housewife is especially needed by every homemaker in the present war-crisis, because the seven Courses in Domestic Science now running in the magazine help housewives to better select, prepare and conserve food supplies, to cut down waste, and at the same time to add to the health and welfare of the entire family.

Today's Housewife is the only magazine that maintains a model home where cookery recipes, new household devices, cleaning methods, etc., are put to practical tests before their appearance in the pages of the magazine.

The monthly lesson on "Cookery, Foods and Nutrition" under the direction of Caroline Hunt of the Department of Agriculture, is alone worth the price of a ten-year subscription not only to the woman who follows each lesson but to the government of the United States in helping to win the terrific war with the Central Empires of Europe.

### Favorite Magazine of Home-loving Women

REMEMBER, better home-making is the ideal back of TODAY'S HOUSEWIFE, its reason for existence, its earnestly planned-for goal. Better home-making in its largest sense, with the spiritual and mental as well as the material needs of the family in view; home-making as the biggest of woman's opportunities rather than house-keeping as the most dreary of woman's drudgeries.

While Today's Housewife stands in a class by itself in its practical value to homemakers, it is also noteworthy for its wonderfully inspiring editorials and special articles, for its clean, delightful stories, and its beautiful illustrations and covers by leading artists. Over one million women agree that TODAY'S HOUSEWIFE is worth several times the price of 10 cents per copy.
