Mrs. ALMA MARTIN DEAD ED STRANG IN FRANCE

The death of Alma, wife of G. W. Martin, occurred at the St. Elizabeth hospital in Baker at 7:30 Tuesday morning, March 12, as a result of complications following an operation for ear trouble performed about three weeks ago.

The funeral was held at the West undertaking parlors on Wednesday afternoon, Rev. Helman, pastor of the Methodist church officiating.

Mrs. Martin was born in 1879 at Wallowa, where she resided until about a year ago when she came to Eagle Valley and kept house for her cousin Arthur F. Clark until her marriage to Mr. Martin the 24th of last October. She was a woman of many sterling qualities and her death is deeply regretted by a host of friends in this section.

Besides the grief stricken husband there are left to mourn her death, a 7-year-old son by a former marriage, and a large number of relatives in both Baker and Wallowa counties.

Airship Methods
Your grandfather walked to see his best girl, and probably carried his tight boots in his hand until he reached the house. Your father probably rode horseback. You were no doubt satisfied with a top buggy. But your boy wants a six-cylinder car in which to go courting; and his boy will want an airship. We are moving along all right, in banking as well as in courting. Don't handle your finances in the way your grandfather did. Be modern and keep an account at a good bank like ours.

A Tribute From France.
I have drawn roughly the results of the military effort of the United States for a period of less than ten months. I do not believe that any impartial man would say that this effort is now completed, but I declare that any impartial man must admit its wonderful extension and splendid achievements.—Andre Tardieu, French High Commissioner to the United States, in a speech Feb. 6th.

"50-50" is the latest ruling on the use of wheat. The soldiers in France must and will be fed no matter if it does cause a little inconvenience on this side of the water. At present there is a shortage of flour substitutes in Richland, but a supply is expected in at any time.

A postcard found in a captured German trench told the British just what they needed to know of a certain army. A careless remark dropped in a crowd may furnish a spy with the missing link in a long chain. Be careful what you say and where you say it—spies are everywhere.

February 13, 1918.
C. E. Thorp, Editor.

Dear Sir and Brother: Please allow me space in your paper to thank the Home Missionary Society for so kindly remembering me with a Christmas present. It was pretty badly mashed up, but it was all good just the same. It was packed to not leave the U.S. but it went farther than was expected as I didn't get it until Jan 28th, and I was in France.

It certainly makes us fellows feel good to get a package from home.

I cannot write much about my experiences as I have been in the hospital with measles and pneumonia ever since I've been here. Haven't seen much but expect to get out soon as spring is here and everything is green.

Thanking you for the space and hoping to see all my Eagle Valley friends in the near future, I remain, with best regards to all,

Yours in F. C. and B.
Private W. E. Strang,
801 Aero Sqdn, A.E.F.,
France.

Combination Live Stock Sale

The combination sale of dairy stock next Monday in Richland offers one of the best opportunities yet presented in Eagle Valley to secure first class cattle on time at your own price. Dairy products are bringing big prices, the future promises a ready market with even higher prices; dairy cattle will be in demand for years to come.

Eugene Brown is compelled to sell, so offers seven head of cows—4 full-blood Jerseys and 3 grade Jerseys. Every cow made him money when butterfat was low in price; with the present outlook the cattle will pay for themselves in less than a year.

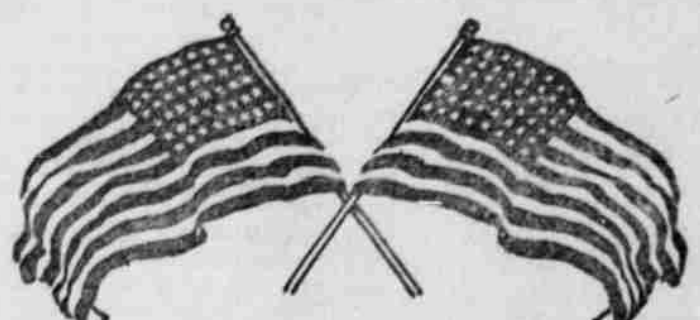

J. A. Davis having sold his farm last fall has no place to keep his herd and is forced to sell nine head, including one full blood Jersey cow, three grade Jerseys, four Durhams and the registered Jersey bull Mitty's Foxy 147711—without question as good a herd header as can be found in Baker county.

Better Join Now

Interest in the Home Guard is increasing, several new members enlisting last Saturday night, and it is expected that a full quota will soon be enrolled. Guns will be forthcoming as soon as the organization is completed and an effort is being made to get the county to furnish uniforms.

Don't wait for others, come in Saturday night and sign up. Show our boys who are in service that not all those "back home" are slackers. The training will do you good and will set an example of patriotism that might help the "other fellow."

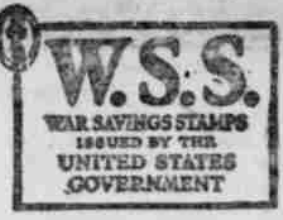

Buy Maximum Red Inner Tubes at the Richland Drug Store.—ad

The Gospel of Labor and Materials

All the dollars in the world could not buy victory. Because victory is not purchasable—we must work for it and, if need be, die for it. Dollars can work for victory only in so far as they are converted into labor and materials. A dollar hoarded is a slacker; a dollar wasted is a traitor; a dollar saved is a patriot. For a hoarded dollar represents idle power; a wasted dollar represents wasted power; a dollar invested in the United States Government represents power saved, labor saved, materials saved—it represents power, labor and materials in action, on the firing line, over the top. And more—it represents reserve power, energy stored, purchasing power conserved for its owner to use later on.

Buy War Savings Stamps. You can buy a United States Thrift Stamp for 25 cents. A card is furnished on which to paste it. Sixteen Thrift Stamps plus a few cents cash will buy a War Savings Stamp. On January 1, 1923, the United States Government will pay you \$5.00 for each stamp pasted on a War Savings Certificate. This is 4% compounded quarterly when the stamps are held till January 1, 1923.

Let Your Dollars Be Patriots!

Rev. Bean Departs.
Mr. and Mrs. W. E. Bean, who left Tuesday with their children for Lebanon, were tendered a reception at the K. P. hall on Monday evening. A large number were present to wish the couple abundant success in their new location.

During the year Mr. Bean has been pastor of the Christian church of Richland, he has done a wonderful lot of work for good in the community, and although the greater part of the congregation would like to have had him remain here longer, for certain reasons he accepted the pastorate at Lebanon.

Effort is being made to secure another pastor, meanwhile the new church building will be completed and Mr. Bean will probably return for its dedication.

Dr. M. D. Fleming, optometrist of Boise, will make his third visit to Richland on Friday, Saturday and Sunday, March 22, 23 and 24. During his previous visits here the Doctor has fitted a large number of Eagle Valley citizens with glasses, and without exception everyone has been perfectly satisfied. If your eyes trouble you in the least, don't fail to consult Dr. Fleming.—ad
