Save a loaf a week help win the war

Here's one of the times when a fellow
soldier thought of the friend who sent
him that pouch of Real Gravelly.

Send Him a pouch of Real GRAVELLY Chewing Plug

Real Gravelly Chewing Plug—there's the soldier's tobacco, that he can use anywhere, anytime. Just a small chew of Real Gravelly is enough—all good tobacco, rich, sappy leaf made the Gravelly way, not loaded up with heavy sweetening like ordinary plug.

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to send. Send the best! Ordinary plug is false economy. It costs less per week to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravelly with your knife and add a little to your smoking tobacco. It will give flavor, —improve your smoke.

SEND YOUR FRIEND IN THE U.S. SERVICE A POUCH OF GRAVELLY

Dealers all around here carry it in 10c pouches. A 25c pouch will put it into his hands in any Trading Post or Post of the U. S. A. Even "over there" in the States with him to buy. Your dealer will supply envelope and give you official directions how to address it.

RED CROSS

The following articles were shipped to headquarters by the Richland Auxiliary this week:

- 40 pajama suits
- 1 extra pair pajama pants
- 20 pair socks
- 4 sweaters
- 4 pair wristlets
- 1 scarf
- 6 mop cloths

A total of 102 pajama suits have been made by the local auxiliary since its organization—78 suits being completed the past five weeks. This a great record when it is taken into consideration that not more than an average of twelve ladies did the work.

Mrs. Winter Wright has received this notice from Baker Red Cross: "Have you any people who would care to piece quilts? We have many pieces which could be used. The quilts can be made and either sent in or sold for the benefit of the Red Cross." The ladies who wish to do work at home will please report at once.

Are you helping in the Red Cross work?

Good Advice to Mothers

A stranger, after visiting the Richland schools, handed us the following for publication:

"If only mothers would stop and realize how embarrassing to their own child when appearing in school with uncombed hair and badly soiled clothing. They feel ashamed of themselves and when older will naturally think back about the dear old school days. Wouldn't it be awful if they had to blush with shame when thinking of the time they were slurred at on account of their appearance when they really was the best tot in school in every other way. Mothers are not always to blame as there may be ill health preventing them, but those that have not and feel that they can do better in this respect, do think this over. Don't let them feel the difference from other children. They are all precious. Every mother wants to be proud of their God's gift and think their little one through life has sweet remembrances of childhood. They love their little boy; he looks so sweet with clean overalls, cut hair and a shiny little nose;—and the little girl with a patched clean apron and braided hair. Regular

baths improves wonderfully to the clean appearance and also makes their little souls feel better—cleanliness surely is next to godliness."

March 1st there was a balance of \$20,851.26 in the county treasury—a direct result of the business methods introduced by Wm. Doby after he succeeded J. B. Messick as county judge. Even the Baker Democrat says "It is good business."

THE HOME GARDEN

Plan to produce the very best quality of everything grown, even though you do not increase the quantity. Purchase the best seed with care as to your choice of varieties, for good seed is very scarce this year, and should be ordered at once. Remember it takes just as much time to prepare the ground and cultivate poor seeds as it does good seeds. This year it is more essential than ever that we conserve every bit of labor, so plan to make every stroke count.

Miss May Murphy has sent us an article on planning the garden which is of much merit but of too great length to permit publishing in full. As we believe all of our residents understand the need of planting a large garden this year we will give a list of varieties recommended by Miss Murphy, especially adapted for growing in Eagle Valley and outlying districts:

Asparagus—Palmetto; obtain 1-yr-old plants, after first year they will produce for 20 years.

Beans—Kentucky Wonder is best string bean; Brown Bayou to dry for winter use.

Beets—Early Model or Detroit Dark Red.

Cabbage—Early Jersey Wakefield; Danish Ball Heads.

Carrots—Danver's Half Long and Oxheart.

Cauliflower—Early Snowball.

Celery—Golden Self Bleaching and White Plume.

Swiss Chard, Scotch Cudry Kale, Kohl Rabi and Victoria Spinach are splendid varieties of greens.

Sweet Corn—Golden Bantam.

Lettuce—Start with a Simpson or Cos, later plant New York and Hanson.

Onions—American Brown and Yellow Danvers.

Farsnips—Hollow Crown or Tender Heart.

Peas—American Wonder, Lutescentian and Little Marvel.

Turnips—Purple Top or White Globe.

Squash—Delicious matures in midsummer.

Tomatoes—Earliana and Bonny Best.

Potatoes—Peerless, Burbank, Gold Coin and Netted Gem.

Now is the time to buy Sassafras Bark at the Richland Drug Store.—ad
