## DEATH CLAIMS ANOTHER

The community was shocked last Friday morning by news of the death of Mrs. Sherman Dufur at New Bridge, as a result of a blood vessel bursting in the brain. Mrs. Dufur was apparently in usual health up until 9:15 Thursday evening when she was stricken with partial paralysis and soon lost consciousness, death coming at 12:15 Friday morning. The funeral services were held at the home, Rev. Wixom officiating, and the remains laid to rest in the Eagle Valley cemetery.

Jessie S. Proctor was born on Sept. 1, 1877, at Johnstown, Pa.; on April 28, 1904, she was married to Andrew Sherman Dufur at Council Bluffs, Iowa; they located in Nebraska where they remained until 1911 when they came to Pine Valley afterwards returning east where they remained until in the fall of 1914 when they located at New Bridge. She was a woman of kind, loving, generous disposition, highly respected by all with who she came in contact, and her death is deeply regretted by the entire community.

Besides the grief-stricken husband, the deceased leaves a son eleven years of age who is heart-broken by the sudden demise of his mother. Both afflicted ones have the sincere sympathy of all.

### Dollar Starts It.

If you deposit only \$1.00 each week for 20 years in a savings bank paying 4 per cent compound interest, the amount due will be \$1,151, or \$572 more than the amount you deposited.

Isn't that an argument in favor of the saving habit? Only a dollar a week! You could save that much if you would. Determine to do it. If you can make it \$2 or \$4 the results will be correspondingly greater. Only two things required—nerve to stick to it and choice of a good reliable bank like ours where your savings will be secure.

Mrs. Nedrow was summoned to Baker Tuesday by the serious illness of her mother, Mrs. Joe Hartley.

## WAR NEWS!

French are holding the line steady while the British are mobilizing for a terrific drive against the enemy. The huns are sacrificing thousands of men hourly but cannot break the line.

Last official reports give the loss of life during the past five days as 400,000 Germans, and 250,000 British and French.

Fighting continues on the whole front south of Somme River; Germans have launched new attacks around Chaulnes.

Hun drive slows up as allies stiffen lines and it is believed the enemy has weakened. Counter attacks by allies is expected soon.

British, French and Americans are fighting shoulder to shoulder.

### Right on the Job.

Henry E. Tweed, county agricultural agent, was in Richland yesterday and paid the News office a friendly call. He is busy at work on several projects that are of utmost importance to the farmers, and informed us that he is confident his efforts will result successfully if the farmers will cooperate.

A meeting was held in Baker last Saturday for the purpose of standardizing wages for farm help in the county. More than 150 farmers were present and it was decided to make \$60 per month the uniform wage for spring work, as that is the wage set in other counties in Eastern Oregon.

Mr. Tweed said he had received inquiries regarding the establishing of a canning factory and dryer in Eagle Valley and that he expected parties in to investigate within a short time. This would be a big thing for the community and will fill a want that has long been felt by our orchardists and gardeners.

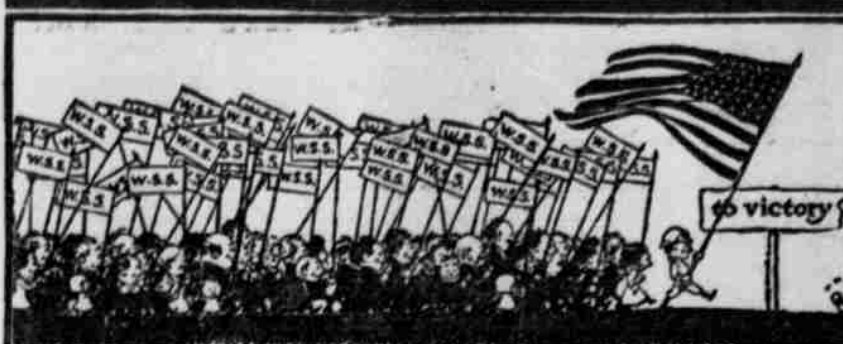

### Home Guard Growing

The meeting held last Saturday night was the best yet, and great interest was taken in the drill work. New members are being enrolled at every meeting and it is urged that every man enrolled and everyone interested be on hand early Saturday night as matters of importance will be discussed and drill be held on the street if weather permits.

When the report of the great drive reached Chicago, a large number of Germans and sympathizers started to hold a celebration but were shut off by police. They got off easy—they should all have been shot or hung. If the pro-Germans start anything in this neck of the woods, they'll find a lot of 30-30s searching for them.

Dr. Herwig's lecture was well attended. Miss Dickie's room won the flag offered.

S. A. McDowell and Elmer Holman are in Baker today.

## Join These Americans On the Road to Victory

See the crowd! It is a happy crowd! Why? Because it is on the road to Victory. It is an old road, the Thrift road, the broad highway to personal success. And as usual, the success of the individual means the success of the Nation.

The Nation to-day wants Victory. The individual here at home can help best by winning a million smaller victories over waste and extravagance.

Join the crowd! Take the Thrift pledge! Raise the W. S. S. flag and keep it flying. Put your quarters and your dollars behind your sons and husbands and brothers on the sea and in France.

## BOOST FOR IT

From present indications this season's grain crop in Eastern Baker county will beat all previous records and interested parties are corresponding with officials with a view to having a grain warehouse established at Robinette.

Sparta ranchers are manifesting great interest in the project for it will mean a great saving to them in shorter haul over better roads. Sparta district will market 20,000 or more bushels this fall, Five Mile and Daly Creek will have enormous quantities, while Eagle and Pine Valleys will no doubt have a surplus.

The plan is a good one and it is to be hoped that definite action will be taken immediately, for assurance of a warehouse at Robinette for the crop will stimulate a large increase in the production of spring wheat.

### Card of Thanks

We desire to express our sincere thanks and appreciation for the kind assistance rendered at the death and funeral of our beloved wife and mother.
