E. & W. Chandler.

In response to the appeal made by the Food Administrator against hoarding flour, 2,511,800 pounds of flour from 42 counties in Arkansas were returned to dealers by families who had more than the "patriotic portion." The Food Administration says that city and town people having more than 24 pounds or country people having more than 48 pounds of wheat flour, are unpatriotic and are hindering America's prosecution of the war.

Nature Cures, The Doctor Takes the Fee.

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, allays the cough and aids nature in restoring the system to a healthy condition.

It is not too late to buy Sassafras Bark. On sale at Richland Drug Store.—ad

Throughout the nation reports are sent in of disloyal persons being compelled to kiss Old Glory. We do not favor such procedure, instead we advocate that when a man shows by word or deed that he is disloyal he should be given a flogging and not allowed to put his filthy lips to the untarnished emblem of Liberty. Should he again show pro-German tendencies let him stretch hemp or face a firing squad. The great trouble in our country today is the easy treatment accorded the dirty curs whose acts are delaying war activities.

Constipation and Indigestion

These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.—ad

A Real American Enlists

The boys and girls of the country, twenty million strong, can buy *War Savings Stamps*, back up our Soldiers and Sailors, and lay the foundation for their own success.
