THE KNOCKERS' PRAYER

"Almighty Father, please do not let this community grow or improve. I've been here for many years and during that time I've fought every public improvement; I've knocked everything and everybody. No firm or individual has established a business in this community without my doing all I could to put them out of business. I've lied about them and would have stolen from them openly if I had the courage, but have had to content myself by underhanded methods. I've done all I could to keep people from locating here; I've never spoken a good word for this community; I've knocked and knocked often. I've taken advantage of every opportunity to get hold of the dollars, and I've got a good lot of them laid away. But it pains me, O Father, to see that in spite of my knocking, the community is prospering; strangers are finding it a desirable place in which to locate. I'm losing my grip; I can't keep every dollar I get hold of. I may be compelled to pay income tax or buy liberty bonds; although I'll try every way possible to get out of it, for I want to hold back everything that's progressive or tends to benefit humanity. Help me in this hour of distress, O Father; blind my eyes to that which is progressive; deafen my ears to everything but the clink of gold in my own pocket; let my tongue be persuasive so that I may sell my holdings for more than its real worth, (although its value has increased greatly since I acquired same, a fact due to the progressiveness of others), and I will leave this community where I've made my money for the citizens seem to dislike my ways."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. Buy More Bonds.

While the Third Liberty Loan "went over the top" in all sections of this county and state, millions of dollars must yet be subscribed before the mark set for the nation is reached. Those who have not yet purchased and those who can well buy more, are urged to do so at once.

It is the duty of every patriotic citizen to do all he possibly can to help thrash the Germans. All of us cannot go to France; but all at home can send their spare dollars to fight for them, and any person who is financially able to buy Third Liberty Loan Bonds and will not do so, shall be classified in with the other mangy, yellow curs that are hampering war activities.

The people of Idaho have offered the government every bit of wheat in the state, and agreed to use nothing but wheat substitutes until the 1918 crop is milled.

How much patriotism have you? An ounce? A pound? If you aren't sure you can easily measure it by the amount of wheat you are saving.

They cannot fight and raise food at the same time in France. Denying ourselves only a little means life to them.

Some Good Advice.

"Don't think too much of your own methods. Watch other people's ways and learn from them." This is good advice, especially when bilious or constipated. You will find many people who use Chamberlain's Tablets for these ailments with the best results, and will do well to follow their example.—ad

"PROTECT OUR SOLDIERS WITH LIBERTY BONDS"

Message of United States Senator McNary to People of Oregon

Money is needed to support and protect our soldiery now fighting in a foreign land and the prompt purchase by the American people of Liberty Bonds will supply the funds. Much of the money heretofore obtained by the government through the sale of Liberty Bonds to its citizens has been expended in the preparation of war. Now our resources and our savings must be devoted to a considerable extent in providing for the safety, comfort and assistance of our heroes on European battlefields. Three thousand miles of ocean intervene and this long lane must be made safe for our soldiers. Ships we must have in ever increasing numbers. Without tonnage the full measure of our elaborate and military relief organizations must remain inoperative. Without money we cannot build the ships; without the ships we cannot win the war. With sadness we anticipate the return of thousands of our soldiers wounded and crippled who must be rehabilitated or made capable through vocational education for self support. General hospitals in which physical reconstruction work and vocational training can be undertaken must be constructed. This requires money. A great army is going forward to face the fire of battle and American dollars will be forthcoming for their welfare if we all perform our duty and buy liberally of these Liberty Bonds.

CHAS. L. McNARY,
United States Senator.

FOR YOUR INFORMATION

Here are some of the things your Liberty Bond money loaned to the Government will buy for our boys "Over There":

- A \$50 Liberty Bond will supply four months' sustenance in the field for one of our soldiers.
 - A \$100 Liberty Bond will supply 200 pounds of smokeless powder for one of the big guns.
 - A \$200 Liberty Bond will equip and uniform four of our bluejackets.
 - A \$500 Liberty Bond will supply 180 of our boys with gas masks, in which to face one of the deadliest menaces of the trenches.
 - A \$1,000 Liberty Bond will buy gasoline enough to drive one of our submarines 2,000 miles in our campaign against the undersea raiders of the Kaiser.
 - A \$2,000 Liberty Bond will supply 520 thirteen-pound shells to sink German submarines.
- Every Liberty Bond you buy helps actively to shorten and win the War.

"Protection the Allies afford us may weaken our sense of duty."—Taft, Feb. 4, 1917. Have you weakened? Do your duty! Buy Liberty Bonds.

A BADGE OF HONOR

A Liberty Loan button is a badge of honor. Rightfully obtained it marks the wearer as one who has performed a distinct, definite service to the country.

Not all can fight, not all can work directly for the Government; but in buying a Liberty Loan Bond, or War Savings Stamps, every American renders some service to the nation. It has been put within the reach and power of every citizen to aid the United States financially; it is a poor American who withholds support from the Government, from our soldiers and sailors fronting death on battlefields and oceans.

Iron crosses to German soldiers, and diamond orders exchanged between Turkish and German sovereigns may be but the honors of atrocity. But a Liberty Loan button, simple as it is, signifies a patriotic duty done and is an insignia of honor.

"All that our soldiers need is a still better rear organization."—George Clemenceau, former Premier of France, Jan. 14, 1916. It is up to you to provide that by buying Liberty Bonds.
