**Proper Food for Weak Stomachs.**  
The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.—adv

### Baker Valley First, of Course.

The big tractor and road plow belonging to the county that have been stored in Pine Valley for the past few years were taken to Baker Valley this week, there to be used along with the new truck and trailers recently purchased to make boulevards for county seat autoists.

Our efficient(?) county commissioner, Jim Ritter, accompanied the outfit, and while its arrival and use in Baker Valley may win him some votes in that district, it will certainly lose him a greater number in both Eagle and Pine. 'Tis true, the tractor will be a great help in keeping the roads in Baker valley in fine condition, but if we remember correctly, the machine was purchased with the understanding that its use would be confined to roads in the Panhandle.

### Fine Feathers

"Fine feathers may make fine birds" but even if this is true—who wants to be a bird?

Fine cloths are not all that's required to make fine men, not by a long shot. A good, clear, well educated mind; a strong, healthy body; plain clothes suitable to your calling, and a comfortable account at the bank, these things count for more than fine clothes every day in the year. We will help you with that bank account any time you want to start.
