Civilization vs. Savagery.

Wm. R. Usher, who was with Gen. Scott's troops when they captured Mexico City in 1847, recently commented on the difference between the U. S. soldiers of that day and the "kultured" German savages of Europe today.

"In a few days after we entered the city," said Uncle Billy, "the streets were policed and the town as orderly as any place could be. All civil rights and the property of the Mexicans respected and guarded. Any soldier who failed to conduct himself as a gentleman was forthwith arrested.

"Today, after more than a half century of 'higher' education so loudly proclaimed by Germany, the kaiser's army is made up of savages that delight in atrocious crimes that would make the worst Apache that ever lived turn pale with horror to contemplate.

"Yet we used to think that our children's education was not complete until they had spent a year or two in Berlin."

Great Wheat Stocks Isolated.

It's the shortage in ships that is putting the Allies and the United States on wheat rations. Great stocks of wheat are isolated in India, and Australia. At great sacrifice in ship space and use the Allies are forced to secure some wheat from Argentina.

On January 1, Australia had stored 100,000,000 bushels of wheat that was ready for export—but there were no ships. Then came the new crop with an exportable surplus of 80,000,000 bushels. Now Australia has approximately 180,000,000 bushels waiting for ships.

India, at the same time, had 70,000,000 bushels of wheat stored for export. During April 50,000,000 bushels more out of the new crop will be added to the pile.

Argentina closed the last shipping season with 11,000,000 bushels of wheat left in the stock available for export. The new crop will add 135,000,000 to the left over.

It is not a problem that the wheat does not exist in the world—it is entirely a problem of shipping, which has thrown on America the obligation of dividing our stock with the Allies.

H. S. Play a Success

"Her Friend, the Enemy," the play given by the high school on Friday evening, drew a big crowd and was rendered in an excellent manner, in fact the popular verdict was that "it was one of the best ever given here by local talent."

The play was given Saturday night at Keller's Hall in Cornucopia and gave fair satisfaction in spite of the fact that on account of the accident mentioned elsewhere and a lot of engine trouble, several of the players did not reach Cornucopia. Among others was Lucile Blue, whose part was taken by Miss Russell. Prof. Ashcraft and several of the H. S. students accompanied the troupe, and all report a fine time as they were entertained by a dance after the show and on Sunday were taken through some of the mines.
