Idle Speculation.
"You never offer any more opinions as to when the war will end."
"No," replied Senator Sorghum. "This is no time for little guessing games. What we want to do is to get in and end it."—Exchange.

A Good Test.
Jack—Now after I ask your father for your hand, the next question will be. How are we going to live?
Ethel—Don't worry, Jack. If you live through that interview you can live through anything.—Exchange.

Her Opinion.
"I told Mrs. Mixup that affairs were in a rotten condition."
"What did she say?"
"That such a statement put her in a state of putrefaction."—Exchange.

WITHIN THE REACH of every woman—health and strength. They're brought to you by Dr. Pierce's Favorite Prescription. Take this medicine, and there's a safe and certain remedy for all the chronic weaknesses, derangements, and diseases peculiar to the sex. It will build up, strengthen, and invigorate every "run-down" or delicate woman. It regulates and assists all the natural functions. At some period in her life, a woman requires a special tonic and nerve. If you're a tired or afflicted woman turn to "Favorite Prescription," you will find it never fails to benefit. Sold in tablet or liquid form. Tablets 50c.

You will escape many ills and clear up the coated tongue, the sallow complexion, the dull headache, the lazy liver, if you will take a pleasant laxative made up of the May-apple, juice of the leaves of aloes, root of jalap, and called "Pleasant Pellets." You can obtain at drug store these vegetable pellets in vials for 25c—ask for Dr. Pierce's Pleasant Pellets.—Adv.

Pa Knew.
Young Bachelor—You made an error in congratulating the bride's father instead of the bridegroom.
Old Benedict—No, I didn't. I've a daughter of my own, and I know what they cost.—Exchange.

Economy.
"That's the trouble with this economy," grumbled Adam.
"Economy?" protested Eve.
"Yes. You insisted on my eating that apple for fear it might be wasted."—Washington Star.

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.

A Tireless Organ.
Mrs. Peck—Doctor, I need a tonic; I'm all run down.
Doctor—Let me see your tongue.
Peck (sotto voice)—He won't find much evidence of it there.—Boston Transcript.

The Semblance.
"What have you in the shape of cucumbers this morning?" asked the customer of the new grocery clerk.
"Nothing but bananas, ma'am," was the reply.—Christian Register.

A Sport Reproved.
"Marriage is a lottery," quoted the ostentatious cynic.
"Well," replied Mr. Meekton, "I guess Henrietta is right. She is constantly saying I never had any business to gamble."—Exchange.

Prospectus Prospects.
In spite of the scarcity of farm laborers, this department predicts that the crop of book agents selling complete histories of the war will be as numerous this year as ever.—Emporia Gazette.

Empty Victory.
The news that Bapaume has been taken by the enemy is not so serious as it might be, as from all accounts there is nothing left but the name to take.—Baltimore American.

It Works! Try It
Tells how to loosen a sore, tender corn so it lifts out without pain.

No bumbag! Any corn, whether hard, soft or between the toes, will loosen right up and lift out without a particle of pain or soreness. This drug is called freezone and is a compound of ether discovered by a Cincinnati man. Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous. Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers. This drug freezone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin. Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.—Adv.

Rising to the Occasion.
"How did you learn to skate?" a little boy asked.
"Oh," was the innocent but significant answer, "by getting up every time I fell down."—Christian Register.

Cuticura Kills Dandruff.
Anoint spots of dandruff with Cuticura Ointment. Follow at once by a hot shampoo with Cuticura Soap, if a man; next morning if a woman. For free samples address: "Cuticura, Dept X, Boston." At druggists and by mail. Soap 25, Ointment 25 and 50.—Adv.

None Needed.
Peddler—Blotters, sir?
Professor—No; I write only on dry subjects.—Boston Transcript.

SAGE TEA DARKENS HAIR TO ANY SHADE
Don't Stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMMING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 83, Lowell, Mich.

A Business Should be as Big as Its Job

If bigness is of benefit to the public it should be commended.

The size of a business depends upon the needs which that business is called upon to serve. A business should be as big as its job. You do not drive tacks with a pile-driver—or piles with a tack-hammer.

Swift & Company's growth has been the natural and inevitable result of national and international needs.

Large-scale production and distribution are necessary to convert the live stock of the West into meat and by-products, and to distribute them over long distances to the consuming centers of the East and abroad.

Only an organization like that of Swift & Company, with its many packing plants, hundreds of distributing houses, and thousands of refrigerator cars, would have been able to handle the varying seasonal supplies of live stock and meet the present war emergency by supplying, without interruption:

First—The U. S. soldiers and the Allies in Europe by shipping as much as 800 carloads of meat products in a single week!

Second—The cantonments in the United States.

Third—The retailers upon whom the American public depends for its daily supply of meat.

But many people ask—Do producers and consumers pay too much for the complex service rendered?

Everyone, we believe, concedes the efficiency of the Swift & Company organization—in performing a big job in a big way at a minimum of expense.

Swift & Company's total profit in 1917 was less than 4 cents on each dollar of sales of meat and by-products. Elimination of this profit would have had practically no effect on live stock and meat prices.

Do you believe that this service can be rendered for less by any other conceivable method of organization or operation?

These questions and others are answered fully and frankly in the Swift & Company 1918 Year Book sent free on request.
