Election Notes.

Only a small vote was cast in Eagle Valley at the primary election last Friday, and the same is true for county and state.

M. D. Clifford will be Judge Anderson's opponent at the election next fall, having beat Messick by one vote. Kirby lost to Ritter by 196 votes. W. E. Barber lost to E. E. Marker, so it appears that Eagle Valley will get but little recognition from the county court for a few more years.

A. A. Smith will oppose D. M. Cartmill for state representative. A. B. Combs and John Allen are out for county clerk again. Senator Strayer and County Treasurer Pearson had no opposition.

R. P. Anderson and Albert J. Blakesley will try for sheriff.

Crop and Drug Plants.

One of the projects outlined by the committee on botany of the national research council is the search for wild plants which may be used as wartime substitutes for the more costly crop plants. During the Civil war Dr. John Porcher, a Southerner, published a book giving a list of plants of the South which could be substituted for much-needed food and drug plants. It is suggested that information might be obtained from hunters, trappers, woodsmen, farmers, Indians and the foreigners, who pick up considerable food from the countryside. Similar information is desired concerning plants that can be used in medicine.
