Baker County Pioneer Passes.

J. P. Baird, a well known pioneer of Oregon and a resident of Sumpter for the past 19 years, died Sunday evening at the home of his daughter, Mrs. Ollie Austin, in Baker.

The deceased was 73 years of age and is survived by a wife and seven children, all of whom were in attendance at the funeral services held at Baker yesterday:

W. E. Baird of Richland,
Mrs. Ollie Austin of Baker,
George Baird of Grant county,
C. H. Baird of Halfway,
Mrs. Allie Brown of Baker,
Frank Baird of Sumpter,
Miss Ella Baird of Alaska.

Ed Hartley showed his belief in the need of our soldiers for wheat flour by returning ten sacks to Saunders Bro's, and also taking some back to Baker.

A little dose of Gravelly helps the Observation Officer through many a hard hour.

He Will Welcome a pouch of Real GRAVELLY Chewing Plug

Any gift from the folks back home means a lot to the boy.

When you send him tobacco, let it be good tobacco—tobacco worth sending all that long way—the flat, compressed plug of Real Gravelly.

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to send. Send the best!

Ordinary plug is false economy. It costs less per week to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravelly with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

SEND YOUR FRIEND IN THE U. S. SERVICE
A POUCH OF GRAVELLY

Dealers all around here carry it in 10c pouches. A 25c pouch will put it into his hands in any Training Company, Regiment of the U. S. A. Even "over there" a 25c pouch will take 10c to 15c.

GET READY FOR THIS WAS A WEIRD SIGHT

Below is given a letter received by Mr. J. F. Herr pertaining to the "War Savings Meeting" to be held June 28th:

Dear Sir:

Upon orders issued by the President of the United States, meetings will be held in every school district in the U. S. on Friday, June 28th, for the purpose of completing immediately the War Saving quotas of each district. In Baker county these meetings will be held in the respective school houses at 8 p. m. The chairman of the school board of each district has been appointed to preside at these meetings.

To make the organization more effective, I am, by the authority of the United States government, appointing District Supervisors to take charge of several school districts. Naturally, in view of the splendid work you have done for this and other movements in the past, I turn to you as chairman in charge of School Districts Nos. 44, 21, 57 and 76. The folks have been appointed in your district and have been notified of the meeting and of your appointment:

Chas. E. Barber, S. D. No. 44;
Peter Olson, S. D. No. 21;
C. H. Brooks, S. D. No. 57;
J. O. Gray, S. D. No. 76.

I cannot emphasize too strongly the importance of this work at this particular time. Recent developments have made the raising of the full War Savings quota at once a matter of first importance. You will be expected to consider this appointment, not only a patriotic duty, but as a draft of your services by the government, which of course means that this work takes precedence over anything else. You will of course get in touch with the above mentioned men and use every effort to make these meetings a success.

Yours truly,

D. W. French.

Chairman, Baker County War Savings Committee.

Are You Reading It?

The great war story, "Over the Top," written by Sergeant Guy Empey, is being run as a serial on another page. It is intensely interesting and you will have something to regret if you miss a single chapter.

The eclipse arrived on schedule time Saturday afternoon and although light clouds prevented our citizens from witnessing the phenomenon in all its beauty, the sight was weird and well worth observing.

As the moon's shadow gradually obscured the sun, darkness fell upon the valley and stars shown forth brilliantly. East of us the Idaho mountains took on a pitchy blackness that was indeed ghostly and the cessation of noise by bird life as the eclipse became total made the occasion one of great solemnity. The air became cooler, chickens made for their roosts and the crows and magpies were observed flying in flocks to the timber.

As the shadow disappeared an epidemic of crowing seemed to strike every rooster in the neighborhood, the birds started their singing and chattering, business resumed its usual trend, and Old Sol came forth in all his glory, seeming to send down his heat rays with greater intensity than before his brief respite in the shadow of the moon.

The River of Money

The banks along the river are to keep the water in its proper course. It is a natural place for the water to run.

The natural place for money is in the bank. The natural place for money to circulate is through the bank. Money scattered promiscuously does nobody good, but like the river in the desert becomes absorbed and dissipated. The bank gathers together the funds of a community and loans it out where it will do the most good for all concerned. Do your part by directing your money into the proper channel.
