Ready and Willing.
The village idiot gaped so long at the village grocer that the worthy man became irritated.
"Look here, what you starn' at? If you can find a man homelier than yourself, kill him!"
The village idiot went in search of a man uglier than himself, and one day he found one.
He tapped him on the shoulder.
"I've got to kill you," he said, smiling amiably. "You're homelier than me."
The stranger turned and looked at the other for a full minute.
"Am I?" he said. "Then for goodness sake, kill me!"—New Idea.

A Fatal Mistake.
"I was once a successful physician," remarked a seedy-looking individual in a railway carriage to a fellow traveler, "with a large practice; but owing to one little slip, my patients left me, and now I live from hand to mouth."
"What was the slip?"
"Well, sir," replied the ex-physician, "in filling a death certificate for a patient who had died I absent-mindedly signed my name in the space headed, 'Cause of death!'"—Exchange.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

"ALL OUGHT TO BE SCOUTS"

"If I had my way," says Edward Bok, "I would have every boy on his twelfth birthday become a boy scout. I know of no single idea in our modern life that has in it so many possibilities for the development of the best qualities in a boy as the scout idea.

"It has been the making of several boys that I know; it has awakened even a larger number. My own boy is a scout, and so I speak from personal experience.

"The scout idea fits into these busy days for fathers with particular force, since where the father cannot give as much attention to his boy as in normal times, or is away from home on service, the scoutmaster comes in with his steady influence in a peculiarly happy way.

"The entire fundamental structure of good citizenship lies in the idea: obedience, a respect for authority and himself, consideration for the other fellow, honor, courtesy, and a love of country. Where is there a better secular code than this to instill into a boy of thirteen?"

SCOUTS IN REAL WAR WORK.

The Boy Scouts of America is growing at the rate of 1,200 a day. A regiment of youngsters is being recorded each 24 hours at the national headquarters in New York city. There are now 353,048 of these scouts twelve years old and over.

The reason is that the government has given the boys who are scouts many real things to do to help win the war, and they have found out that as scouts they can have a definite and clearly recognized part to play in the winning of it.

While other boys are simply tossing their hats up or cheering from the "side lines," the Boy Scouts of America is being called upon by the president, the secretary of the treasury, the war department, the food administration and other branches of the government, the Red Cross, the Liberty loan committees and all factors in winning the war.

ASSEMBLY IN THE CAMP.

Scout Routine is Rigidly Observed at the Summer Gatherings.

WHAT THE BOY SCOUTS DO.

The world interest in the boy scout movement challenges the intelligent understanding of every one, and yet many people still ask "What is scouting?" and "What do boy scouts do?"
The boy scout idea is a movement rather than an organization. It aims to supplement existing organizations such as the home, church and school by engaging the boys' leisure energies in outdoor games and activities of cultural and practical value.

The aim of the scout movement is to inculcate character, which, though essential to success in life, is not taught within the school, and being largely a matter of environment is too generally left to chance, often with deplorable results. The scout movement endeavors to supply the required environment and ambitions through games and outdoor activities, which lead a boy to become a better man, a good citizen.

AS A SUPPORT

for exhausted, nervous, overworked women, nothing can do as much as Doctor Pierce's Favorite Prescription. It regulates and assists all the natural functions, never conflicts with them, and it strengthens and builds up the female system in a way of its own.

Nursing mothers and women generally, will find it exactly fitted to their needs. It lessens the pains and burdens, and ensures healthy, vigorous offspring.

You will escape many ills and clear up the coated tongue, the sallow complexion, the dull headache, the lazy liver, if you will take a pleasant laxative made up of the May apple, juice of the leaves of aloes, root of jalap, and called "Pleasant Pellets." You can obtain at almost any drug store in this country these vegetable pellets in vials for twenty-five cents—simply ask for Doctor Pierce's Pleasant Pellets. Sold for fifty years.—Adv.

New Treatment for Seed Oats.

Under a new system of treating seed oats to prevent smut, which is recommended as a great labor saver by experts at Purdue university, a solution of one pint of formaldehyde with one pint of water, is mixed, which is enough to treat seed for 20 acres. This is applied with an atomizer sprayer. The seed may be sown within five hours or it may be stored and kept until sowing time. This smut treatment may be made now as the seed will not get damp enough to freeze and spoil. After treatment it should be covered with disinfected sacks or tarpaulin to keep the fumes at work.—Farm Life.

It Works! Try It
Tells how to loosen a sore, tender corn so it lifts out without pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.—Adv.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HELLER, Christopher, Ill.

No Reverence.
"Ours is a truly great country," said Novelist Robert Herrick of Chicago. "But we have no great reverence for the arts here."
"I know an author whose wife was once asked at a tea:
"Your husband is a writer, is he not?"
"Yes, he is," said the lady.

Fasting to Induce Dreams.
Fasting for the purpose of inducing dreams may be traced back to a very early period. And the foremost believers in dreams were our own picturesque Indians. History tells us of certain tribes who enjoined rigorous fasting among children from a very early age, during which time special attention was paid to their dreams.

The Limit.
Two colored men were overheard deep in a discussion of various phases of dumbness. Finally, after a number of illustrations had been cited, one capped the climax by observing with great seriousness, "Yes, sub, dat nigger wuz dat dumb dat when he died and dey opened his haid at de morgue dey found his brain hadn't never been used."

Optimistic Thought.
