Sure! High Heels Cause Corns But Who Cares Now

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any wholesale drug house for you—Adv.

Fresh Beef Travels on a Rapid Schedule

Fresh beef for domestic markets goes from stockyards to retail stores within a period of about two weeks. Although chilled, this meat is not frozen; hence it cannot be stored for a rise in price.

A steer is dressed usually within twenty-four hours after purchase by the packer. The beef is held in a cooler at the packing house, at a temperature a little above freezing, for about three days.

It is then loaded into a refrigerator car where a similar temperature is maintained, and is in transit to market on an average of about six days.

Upon arrival at the branch distributing house, it is unloaded into a "cooler", and placed on sale.

Swift & Company requires all beef to be sold during the week of arrival, and the average of sales is within five days.

Any delay along the above journey means deterioration in the meat and loss to the packer.

Swift & Company, U. S. A.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my housework."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.
