Are You One of Them?

There are a great many people who would be very much benefited by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Seal, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence.

Kids Capture Big Salmon

About 'steen hundred of the male population of Eagle Valley were out fishing Sunday, and though the grown-ups and heavy weights had to carry rubber tape measures, etc., and complained of poor catches, a far different report comes from the kiddies. In fact the record catch of the season was made by little Doyle Connall and Harvey Ewing of New Bridge, both under 10 years of age. These young sportsmen discovered a big salmon in a hole in Eagle Creek and by the use of stones and poles drove the fish out into shallow water and captured it. The fish tipped the scales at a fraction over fifteen pounds.

Unlike many other manufacturers, Flynn & Co. are not reducing the quality of the tobacco used in their cigars. Having built up an enormous demand for the LaCheerable, Triumph, Nugget and other brands, and being in the business to stay, the firm will sacrifice profits entirely and even operate at a loss until Germany is whipped, rather than use inferior stock in their cigars. Ask for Flynn's cigars and avoid disappointment.—ad
