

# EAGLE VALLEY NEWS

VOLUME 6, NO 47

RICHLAND, OREGON, THURSDAY, OCTOBER 3, 1918

\$1.50 A YEAR

## NEW CLOSING ORDER

An order issued by the state council of defense and to be enforced by the War Industries Board and United States Government, will go into effect in Oregon on Tuesday, Oct. 8th.

The order specifies that all sales of merchandise at any time on Sunday; after 9 p. m. on Saturday, or after 6 p. m. on any other day of the week, shall be discontinued during the continuance of the war. The order prohibits the selling of gasoline, distillate and lubricating oils at garages and public filling places, in fact the sale of all articles, the only exception being meals at hotels or restaurants and the filling of prescriptions by druggists.

The order meets with the general approval of the business men of Richland, and will be carried out here.

## They Have Given Their All.

Herewith is given an extract from a letter received by Mrs. J. M. Chase from her son Story:

"We are in some town here; it is in the south and it gets good and hot but the nights are just right for sleep. The hot weather is good for the grapes and they will soon be ripe and that will help some as it is hard to get fruit here; you pay 4 to 5 francs a pound for pears or apples and they are only culls then.

If the people over there could see how this country has given they would not try to keep their boys at home or refuse to buy Liberty Bonds or W.S.S.

Mother, they have given everything they had. You see old ladies going out in the morning to work in the fields and they don't come back until late at night. They cut all of the grain by hand and thrash it out with a club. It sure looks funny to see them bring it in on a two-wheel cart drawn by a couple of milch cows. You can see how far they are behind the times."

## All Must Pay in Advance.

Statements have been mailed to every subscriber on our list whose time has expired, but the returns are coming in slowly.

It has been customary in the past for a great many patrons to pay when the year was up and not in advance; a plan which has worked quite satisfactory since we have had charge of the News, but we are not allowed to do that way any longer. Therefore it is up to you, dear reader, for if your subscription is not paid in advance the paper will stop, for we must comply with the order or go out of business.

We just received a sample line of Dandyline skirts and dresses which we will have until Saturday. Come in and look them over. E. & W. Chandler.—ad

## Camouflage Deceives

---but only at long range. Therefore, if you bought a small Liberty Bond when you could afford a larger Bond, your conscience will remind you for the rest of your life that you failed to do your duty toward the Eagle Valley boys in Service.

## OREGON-OVER THE TOP

Latest reports are to the effect that the state's full quota for the Fourth Liberty Loan is already pledged in spite of the fact that Eagle Valley, Baker county, and a few other communities failed to make good.

Remember you still have time to buy bonds, and if you have bought but feel that you can buy more—do so now.

### Fourth Liberty Bond Buyers

List made up to yesterday noon any further sales will be reported in next issue. As we are but human and liable to make errors, we will be pleased to have any mistakes or omissions reported so that we make a correction.

### \$500 to \$1000

## BUY AT HOME AND SAVE

New Bridge, Ore., Oct. 1, '18.  
Editor News:

During the past week we were visited by a representative of Parks Bros., a grocery firm of Portland, who assured us he could save us from 25 to 50 per cent on a grocery order, in fact, that he "could sell us goods cheaper than our merchants could buy them."

One of the first things he assured us was that raisins were selling in here at 40c for an 11-oz package, when, as a matter of fact, they are selling for 14c a pound in bulk or 15c in package.

Now, the freight rate from Portland to Robinette is \$1 per hundred, or a cent a pound. After reaching Robinette it must still be brought to this Valley. We have personally investigated the prices charged by our local stores and find that he cannot save us one per cent, let alone 25 to 50 per cent, and when we quoted him Eagle Valley prices he assured us we were the first to prove to him that HE COULD NOT save us money on groceries.

His final defense was, "Well, they can't buy things for those prices in Pine Valley; Tom Estes bought a bill of goods from me for \$59.50 and when he asked N. D. Brown what it would cost to fill the same order, he said \$125."

It seems to us that anyone who stops to figure for a moment would see the great advantage in patronizing "home merchants" when the price is so nearly the same as in these things, (and in some articles really lower here.)

When we have a Liberty Bond or W. S. S. quota to be raised it is our home merchants who help, not the Portland firms; when we are "short" or want credit, it is the local store that carries our account. The out-of-town firm demands cash. When you have farm products to sell, the traveling agent will not accept them in exchange for his goods.

This agent argues that some of the Eagle Valley merchants own autos that we help pay for—he was not travelling afoot. He says we must assist in paying clerk hire here. Who pays his salary and hotel expenses? And the house he represents must be a small one, indeed, if there are no clerks or bookkeepers employed there.

Yours truly,

Mr. and Mrs. J. C. Bowen.

## COMING!

M. D. Fleming, Optometrist, of Boise, will be at Richland Hotel

Thursday and Friday  
October 17 and 18

He is registered in both Idaho and Oregon, has had 20 years experience, guarantees to fit your glasses exactly right, and gives special attention to children.

One pair of eyes is all you will ever have. Be fair with them.
