## BRITAIN TO BRING FREEDOM

People of Lebanon Are Longingly Awaiting the Coming of Their "Cousins, the English."

"Some day I shall hear their music and, looking out across the plain, I shall see their red coats coming nearer. Then the signal will be given and we shall rush out to welcome our deliverers, our cousins, the English, and we shall be a free people." Thus, in dreamy evidences, spoke Shalim, the bravest and most beautiful, I had been told of the younger generation of the Druses, as we sat together resting in the middle of a hard day's journey in the mountains of the Hauran, on the borders of the old Arabia. I showed no astonishment at this soliloquy; indeed, I was not astonished, having heard about their "cousins the English" ever since I had first come among the Druses some years before. But gently taking his rifle from his knees and examining it carefully as if carrying on his musings, I said: "Yes, and here is her name engraved on the stock of your rifle." This did arouse astonishment in him. "Whose name?" he asked with animation. "The name of the English queen." I replied; and there, under the crown, I showed him the letters V. R. He fondled the gun even more lovingly, for the rifle is the Druses' sweetheart, and murmured: "She is a good lady. Strange that so great a country should be ruled by a woman, yet our learned men tell us that even Tadmur in the days of its greatness was ruled by a queen;" then confidentially: "Our cousins the English sent us these; they cost us much money; but those who bring them take all that, and we are thankful, for otherwise we should have to fight the Arabs with slings and spears." He leaned forward with his rifle across his lap and with chin in hand, gazed intently, but with the dreamy gaze of the oriental, out over the vast plain at our feet, listening in his day dream for the strange martial music he longed to hear, and wistfully picturing to himself the red coats of the "cousins the English" as they should advance to the deliverance of his people. —Howard Crosby Butler, in Scribner's Magazine.

### Frost Not Due to Moon.

The moon may be of tremendous importance to young folks hanging over the garden gate or to night marauders with an incurable thirst for watermelon, but it should have no sinister significance to gardeners or farmers.

In some sections of the country prevails a popular belief that in the season when frost is to be expected its occurrence is largely influenced by the phase of the moon or other periodical phenomena. Careful tabulation of frost data and comparison with moon phases fails to disclose any such relation. All persons interested are therefore cautioned to watch not the moon but the forecasts issued by the weather bureau.

### The Women at Work.

We simply can't feel surprised these days when women step into a new line of work. Every day calls them to a new labor. A survey of the present field gives an idea of the variety of work they do. Women are: Elevator conductors, telegraph operators, railroad ticket agents, munition workers, editors, farm laborers, ushers, pilots for airplane mail delivery, mail carriers, county officers, drivers of motor-trucks, street car conductors, foresters, architects, finger-print experts, judges on the bench, lighthouse keepers and ship captains.

## A Few of the Many Reasons Why Governor Withycombe Should Be Re-Elected.

He is loyal, patriotically American. He has faithfully cooperated with the President in every war time activity.

He was foremost of Governors for preparedness and has earnestly supported a vigorous prosecution of the war.

He has stood for and insisted upon a square deal for both labor and capital, industrial development of the state and suppression of I. W. Wism.

He has for more than 20 years earnestly supported and vigorously advocated woman suffrage and prohibition and has stood for a better and cleaner state.

He did not assist in organizing the Non-Partisan League in Oregon, neither was he ever a worshipper at the shrine of Populism and other organizations of doubtful purpose and loyalty.

He has conducted his office patriotically, fairly and economically—always has he placed patriotism and efficiency in the public service above party politics.

He has given his earnest consideration and substantial effort in promoting the happiness and comfort of the boys in the service of their country, and, lastly,

He has a record for a sound, business administration and loyal and earnest effort in the nation's present crisis that should command the approval and support of the whole people.

RE-ELECT WITHYCOMBE— WHY EXPERIMENT?

### Nothing Short of Sacrilege.

The Democratic candidate for Governor of this state has flaunted in the face of the public an advertisement and bid for votes that should and no doubt will be indignantly resented by patriotic citizens everywhere. It reads thus:

"Not until every grain of wheat had been harvested for the soldiers did Walter M. Pierce start to ask you for your votes as Democratic candidate for Governor, etc."

To anybody who knows the thrifty, hard-gathering Walter Pierce, the hollow mockery of that expression appeals with most disgusting effect.

They know that every grain of wheat in Walter's broad acres was harvested to bring that \$2.20 a bushel to Walter's bank account, and they cannot resist an angry feeling upon seeing this attempt to use the name of the noble boys at the front for the ignoble purpose of securing himself some votes.

Using their names in this way is nothing short of sacrilege.—Salem Statesman.

Senator McNary has been unwavering in his support of the President's war program. He has supported every measure urged by the President for more effectively prosecuting the war. He is on the job. He is acquainted with the duties and responsibilities of the office and should be elected.

Walter M. Pierce, Democratic nominee for Governor, is now busy denying that he is a member of the Non-Partisan League. The fact remains undisputed, however, that Mr. Pierce attended, participated in the discussion and served on the legislative committee at the meeting held in Portland Saturday, January 19, 1918, when the Non-Partisan League in this state was organized. Can it be that Walter is ashamed of his company?

Officers of the National Anti-Saloon League recently sent the following telegram to Oregon: "Senator McNary's temperance record is satisfactory to the Anti-Saloon League."

### BABIES MUST HAVE MILK

"You get more calories to the penny from milk than from any other food even at the present price," said Dr. E. J. Labbe, specialist, who returned recently from Europe and who spoke at the State Fair and at other patriotic gatherings. Dr. Labbe told of the children he treated in the Red Cross children's hospital in Evian, on Lake Geneva, in France. The little French and Belgian refugees were wan and weak and almost lifeless. A milk diet soon brought good results and the babes thrived. "But," said Dr. Labbe, "they will never entirely shake off the marks made by the months in which they were starved for milk. Children must have milk if the race is to go on. It is every man's and every woman's duty to do all in his power to keep the herds of Oregon alive. Feed men, mill men, dairymen, householders, dealers, everyone must co-operate. The babies of the world must be saved."

Milk may be used not only as an addition to an already rich diet, but in place of some of the slowly digested dishes which over tax the digestive organs and impair the health. Milk contains all the elements necessary to sustain life and build up the body. It must be remembered too, that butter is a food for all, for rich and poor, for old and young. Cottage cheese is another dairy product that is of great food value.
